Adventures Into Reality:

Back from Oblivion and into Reality Rudy DePaola, 2012-06-21 This is my second book It is a sequel to my first book Wings of the Bullet It is called Back from Oblivion and into Reality It is a continuation of the ongoing true story of Ralph now I am using Rudy my real nickname Throughout history teenagers like me have helped to bear the brunt of war Many were killed Others were wounded some horribly All however often came home to an unforgiving nation In past wars the young veterans came home from war and tried to blend into their new situations as best they could Little lasting admiration or glory was theirs to help them through these difficult times of adjustment Not until the end of WWII did our nation realize the dedication and sacrifice of its returning veterans The people opened their hearts in appreciation The Veterans Administration VA and many local and state agencies passed important legislations for the returning vets Our Congress passed the GI Bill of Rights which educated an entire generation and made our country the great nation it is today In my second book my sequel I continue the ongoing true story Changes of Fate During my lifetime I have had experiences that had suddenly changed the direction of my life I call them changes of fate An example of this is in my first book Wings of the Bullet When I was seventeen my friend and I and another boy who wanted to come along with us went to enlist in the navy but without any intention to do so we enlisted in the Army Air Corps Years later when I was in college a bottle of beer changed me from being an accountant into being a teacher When you read this book you will learn how this happened Think about your own life Have you ever experienced a change of fate If so take note and think about other changes of fate you may have experienced I began to identify more and more incidents that seemed to change the direction of my life As you read my books try doing the same You may even want to make a list of them as I have started to do I began to wonder are these really real experiences or just a change of luck Or are they a matter of coincidence or maybe your imagination or could they be an act of divine providence What do you think

Alice's Adventures in Wonderland (Annotated: Philosophical Perspectives and An Explanation for Children) Lewis Carroll, Philosophical perspectives and explanation by Nicolae Sfetcu Lewis Carroll's Alice's Adventures in Wonderland 1865 may appear on the surface to be a whimsical children's tale but beneath its light hearted nonsense lies surprising depth Generations of readers and critics have noted that the novel challenges the conventions of 19th century children's fiction and raises fundamental questions about language logic reality and the self It is a magical journey that any child who loves adventure laughter and surprises will adore Follow Alice a curious and brave girl who tumbles down a rabbit hole and lands in a mysterious world full of unforgettable characters like the silly Mad Hatter the mysterious Cheshire Cat and the grumpy Queen of Hearts In Wonderland nothing is quite as it seems animals talk cakes make you grow drinks make you shrink and every corner holds a new surprise Alice learns to think quickly ask smart questions and be brave even when things get a little strange or scary Lewis Carroll fills every page with clever wordplay funny poems and imaginative scenes that will make you giggle wonder and dream It's a story that teaches us that it's okay to
