## Revision Question Guidance

### Revision Phase

Before starting these questions, we would advise that you have completed or scheduled time to complete **ALL Achievement Ladder Steps 1-8** as these are specially designed to help you succeed. And it works. Those students who attempt achievement ladder steps have been proven to have more chance of passing their exam.

The below questions have been specially selected by BPP's subject matter experts to ensure that you are as prepared as possible for your forthcoming exam. Here are a few pointers to help you make the most of your revision phase:

- If you have attended a BPP revision course, you may have already attempted some of these questions on the course or as part of your homework. Tick those off and start working through the rest!
- The time shown in the table below is not the time to complete the questions – it is a guide which includes time for you to attempt the question and thoroughly review the solution.
- Some questions have an online debrief, these are identified below
- You may wish to prioritise those with online debriefs for further advice on set up and exam technique
- Finally, it is important that you tailor your revision to your own strengths and weaknesses and so we strongly advise you carry out more question practice on syllabus areas where you would like to improve
- You should ensure that you attempt some of the questions using the BPP practice CBE software. This software is available on the BPP Hub "CBE Practice Area".

### Part A: Role of the senior financial advisor
