**Cultures of Counterproliferation** Raphael BenLevi,2023-10-20 This book argues that the nature of counterproliferation strengthens the effect of cultural factors in policy choices and illustrates this by focusing on US and Israeli policy toward the Iranian nuclear program The United States and Israel have been the two states most active in opposing Iran's nuclear ambitions however the respective strategies of each of these states have changed repeatedly This book explores how competing cultural schools of thought on grand strategy within each state inform and shape the key policy decisions in their attempts to prevent a nuclear Iran Drawing on numerous interviews conducted with former high level officials in each country as well as published memoirs this book first describes in detail the belief systems of the competing schools and then analyses the internal debates and key decisions on policy toward the Iranian Nuclear Program while critically assessing the extent to which these beliefs influenced policy in the face of material structural pressures This in depth analysis of the internal debates and dilemmas within the national leadership of the two states most prominent in the effort to prevent a nuclear Iran constitutes an indispensable guide for scholars and policymakers who will inevitably face similar dilemmas in dealing with this ongoing challenge and additional cases of nuclear proliferation around the world This book will be of much interest to students of nuclear proliferation US and Israeli foreign policy Middle Eastern politics and IR in general

through the life of a man who in many ways is the incarnation of the country Ariel Sharon s life is told as a biographical chronicle easy to read hard to put down replete with anecdotes photos and little known historical documents **Ariel Sharon** Nir Hefez,Gadi Bloom,2006 Sample Text Talking Book Topics ,2014-11 *Fratricide in the Holy Land* Avner Falk,2005-02-17 This is the first English language book ever to apply psychoanalytic knowledge to the understanding of the most intractable international struggle in our world today the Arab Israeli conflict Two ethnic groups fight over a single territory that both consider to be theirs by historical right essentially a rational matter But close historical examination shows that the two parties to this tragic conflict have missed innumerable opportunities for a rational partition of the territory between them and for a permanent state of peace and prosperity rather than perennial bloodshed and misery Falk suggests that a way to understand and explain such irrational matters is to examine the unconscious aspects of the conflict He examines large group psychology nationalism group narcissism psychogeography the Arab and Israeli minds and suicidal terrorism and he offers psychobiographical studies of Ariel Sharon and Yasser Arafat two key players in this tragic conflict today *Nine Lives of Israel* Jack L. Schwartzwald,2014-01-10 This study offers a concise yet comprehensive account of Israel s history as told through the lives of nine of its leading citizens and founders Each chapter chronicles a critical epoch in the Israeli saga and catalogs the impact made on that epoch by one of nine leading protagonists Theodor Herzl Chaim Weizmann David Ben Gurion Abba Eban Moshe Dayan Golda Meir Menachem Begin Yitzhak Rabin and Ariel Sharon The result is a narrative that traces events from the genesis of modern political Zionism in the late 19th century to the present A tapestry of history biography and myth deconstruction this volume provides a distinctive introduction to a nation that whether it inspires pride or incites passions never ceases to fascinate Current Biography Yearbook ,1982 **Prophecy Flash!** ,2001 Ariel Sharon Norman H.
