Algebra Common Core Alignment Holt:

Why Write in Math Class? Linda Schulman Dacey, Rebeka Eston Salemi, Katherine Hopping O'Connell, 2018 To help students communicate their mathematical thinking many teachers have created classrooms where math talk has become a successful and joyful instructional practice Building on that success the ideas in Why Write in Math Class help students construct explore represent refine connect and reflect on mathematical ideas Writing also provides teachers with a window into each student's thinking and informs instructional decisions Focusing on five types of writing in math exploratory explanatory argumentative creative and reflective Why Write in Math Class offers a variety of ways to integrate writing into the math class The ideas in this book will help you make connections to what you already know about the teaching of writing within literacy instruction and build on what you've learned about the development of classroom communities that support math talk The authors offer practical advice about how to support writing in math as well as many specific examples of writing prompts and tasks that require high cognitive demand Extensive stories and samples of student work from K 5 classrooms give a vision of how writing in math class can successfully unfold
