14 Regional Convention:

The International Law of Youth Rights Jorge Cardona, Giuseppe Porcaro, Jaakko Weuro, Giorgio Zecca, 2015-02-04 In 1996 William Angel launched a unique pioneering study tracing the origin growth and basic features of the international law of youth rights. It consisted of both source documents and commentary on the historical trends to elaborate and codify international instruments and standards in this field as well as action taken by governmental intergovernmental and non governmental organizations to promote and protect youth rights. It concluded with a call for a new international instrument and monitoring machinery to better promote and protect the rights of youth on a global basis. The aim of the current revised updated and expanded edition of this ground breaking work is twofold. First to preserve and update the landmark historical research undertaken by William Angel and present it to today's audience. Second to introduce up to date analysis of the state of the International Law of Youth Rights and to provide an easy to use compilation of sources of law for researchers and practitioners active in this field. This important collection will provide a roadmap for readers to finding the various sources of the International Law of Youth Rights and a reference point for the most relevant legal documents in force. It aims to spark further legal political and sociological research in the academic field as well as support even stronger advocacy actions to further the rights of young people. Two volume set

[International Environmental Governance](#) Bharat H. Desai, 2014-05-15

International Environmental Governance Towards UNEPO offers a significant contribution to practitioners and scholars involved in international debates regarding environmental governance. Clarifying the insufficiency of the 1972 UN General Assembly's model of a small UN Environment Programme in helping nations stem the accumulating degradation of the environment across the globe the work poses the remaining question how should international environmental governance be accomplished. The volume is timely in its examination of the post Rio 20 period and furthermore addresses the vital issue of the evolution of UNEP into a specialized agency designated the UN Environment Protection Organization UNEPO a new mandate to revive the UN Trusteeship Council to supervise environment and the commons as well as law making and institution building processes as reflected in multilateral environmental agreements MEAs and other multilateral forms. International Environmental Governance Towards UNEPO addresses the law making challenge presented by growth in MEAs and proliferation of international environmental institutions with a thorough consideration of the debate regarding the need for and efficacy of global governance in the field of environment. Dr Desai's timely analysis will assist diplomats lawyers and scholars citizens and civil servants alike in finding the new roads forward

[International Terrorism: A Compilation of U.N. Documents \(1972-2001\)](#) M. Cherif Bassiouni, 2023-04-17 An extensive body of law designed to control international terror violence has come into being and it is this assembly of reports and resolutions conventions and scattered treaty provisions that we must rely on as we move toward an enforceable unambiguous anti terrorism regime in international law. These legal instruments are gathered together for the first time in this definitive two volume set. The only published source of all United

Nations documentation since 1972 on the subject of terrorism including all 180 reports and resolutions adopted since that date and up to June 2001 Plus an introductory article by the editor provides a forward looking view of the evolving challenges in combating the ever changing manifestations of terror violence Published under the Transnational Publishers imprint The print edition is available as a set of two volumes 9781571052278

Institutionalizing International Environmental

Law Bharat Desai,2021-10-01 This is a ground breaking study of the law making process and the linkage between international environmental law and international environmental institutions Among many highlights this study shows that international institution building is an organic process directly geared to the needs of states It underscores the fact of international life that institutions are essentially tools operating within legal parameters for states to address global problems Published under the Transnational Publishers imprint

Regional Conventions on Protection of Human

Rights Louis B. Sohn,1973 The International Law of Youth Rights William David Angel,1995-02-09 This unique pioneering study traces the origin growth and basic features of the international law of youth rights It consists of both source documents and commentary on the historical trends to elaborate and codify international instruments and standards in this field especially by the League of Nations system 1919 1940 and the United Nations system 1946 1994 as well as action taken by governmental intergovernmental and non governmental organizations to promote and protect youth rights It concludes with a call for a new international instrument and monitoring machinery to better promote and protect the rights of youth on a global basis For ease of reference the book contains a comprehensive bibliography and indexes of instruments ratifications correspondents subjects and countries

component of the rapidly growing and changing global legal milieu The IMLI Treatise On Global Ocean Governance David Joseph Attard, Malgosia Fitzmaurice, Alexandros Ntovas, 2018-07-11 The 1982 United Nations Convention on the Law of the Sea UNCLOS remains the cornerstone of global ocean governance. However it lacks effective provisions or mechanisms to ensure that all ocean space and related problems are dealt with holistically. With seemingly no opportunity for revision due to the Conventions burdensome amendment provisions complementary mechanisms dealing with such aspects of global ocean governance including maritime transport fisheries and marine environmental sustainability have been developed under the aegis of the United Nations and other relevant international organizations. This approach is inherently fragmented and unable to achieve sustainable global ocean governance. In light of the Sustainable Development Goals SDGs particularly Goal 14 the IMLI Treatise proposes a new paradigm on the basis of integrated and cross sectoral approach in order to realise a more effective and sustainable governance regime for the oceans. This volume focuses on the role of the UN Specialized Agencies towards the development of effective and sustainable ocean governance by looking at the more elaborate mechanisms they developed in order to achieve the desired objectives laid down in UNCLOS. From FAO to UNODC the volume examines how they ensure sustainable development and how much coordination exists among them **A**

Companion to Middle High German Literature to the 14th Century Francis G. Gentry, 2002 This volume is a guide to medieval German literature from its beginnings in the eighth century to the fourteenth century. It will escort the motivated student and colleague with interest in the European Middle Ages but no expertise in older German languages. The chapter authors all internationally known scholars were given the freedom to arrange their chapters as they felt most appropriate including the question of the terminus ad quem. Chapters deal either with a chronological period e.g. 13th century or with specific genres e.g. drama. In addition chapters both on the historical epoch and on the development of the German language in the medieval period have been included. In general historical and cultural topics play an important role in each chapter.
