Germany Since 1945:

Germany since 1945 Pól Ó Dochartaigh,2019-10-10 Since its crushing military defeat in 1945 Germany has faced occupation and division economic success amidst Cold War bitterness the rise and spectacular fall of the Berlin Wall and now more than a decade as a country united for only the second time in its history It has become a slumbering economic superpower at the heart of the drive towards European unity while divisions between east and west remain among its own people Germany since 1945 Offers a comprehensive introduction to every stage in Germany s political social and economic development from 1945 right up to the present day Examines in depth both German states their differences and their similarities as well as the period of occupation 1945 49 and the year of unification 1989 90 Concludes with the first short survey in English of more than a decade of post unification Germany covering the period right up to the Iraq crisis in spring 2003

Longman Companion to Germany Since 1945 Adrian Webb,2014-09-09 This new Companion provides a wealth of information on the history of Germany since the Second World War including much material which is not readily available Throughout equal attention is devoted to East and West Germany and covers political social cultural and economic developments The author provides information on for example political parties and office holders living standards crime and the environment Germany s relationship with the European Union and East Germany up to 1990 Attention is also devoted to topical issues such as opposition and dissent in the East terrorism neo nazism and racial violence An essential reference book for anyone studying or teaching postwar Germany in history or politics departments

Coming of Age Helga Haftendorn,2006-03-30 Covering German foreign policy since the end of World War II this book explores Germany s recovery from wartime defeat and destruction Through a chronological series of case studies it offers a document based account of 60 years of German policymaking

Germany Since 1945 Peter C. Caldwell,Karrin Hanshew,2018-10-04 Germany Since 1945 traces the social political and cultural history of Germany from the end of the Second World War right up to the present day It underscores both the particularities of German history and the international trends and transactions that shaped it giving good coverage to key aspects of post 1945 German society and politics including East and West German paths to reconstruction The development of consumer society and the welfare state The Cold War New social political movements that opposed the postwar status Immigration and the move toward a multicultural society From back cover

Memorialization in Germany since 1945 B. Niven,C. Paver,2009-12-18 Difficult Pasts provides a wide ranging discussion of contemporary Germany s rich memorial landscape It discusses the many memorials to German losses during the Second World War to the victims of National Socialism and to those of GDR socialism With up to date coverage of many less well known memorials as well as the most publicised ones

Germany Since 1945 Lothar Kettenacker,1997 Defeat and unconditional surrender these were the foundations on which post war Germany was built The overall impact however was not apathy but a mentality which was down to earth pragmatic and forward looking Democracy economic liberalism and European integration were the

signposts to the future Even though the old ruling elite with their power base in the agrarian East had been swept away by the end of the war the social and industrial fabric of Germany society did not crumble altogether Crucial structures survived and contributed to West Germany's phenomenal recovery while the East was forced to submit to a ruthless Soviet leadership Now however following the collapse of the Berlin Wall the aftermath of German reunification will be long and painful for never have two economies and societies been fused together which had grown as far apart as West and East Germany Lothar Kettenacker's book offers a fascinating survey of the fortunes and features of East and West Germany how the two states drifted apart the differences between their economies politics and cultures and the problems and events surrounding their unification

The History of Modern Germany Since 1945 Bruce Walabbis,2019-08-18 the history of modern germany

since 1945 **Britain Looks to Germany** Donald C. Watt,1980-05-01 **Reinventing Germany** Anthony Glees,1996-08 In

this stimulating book a leading expert on German affairs provides an overview of German political development since 1945

The key to the well being and prosperity of Europe after 1945 was the creation of a stable and democratic West Germany

Unification in 1990 not only transformed Germany's role in Europe and the world but brought new political social and

economic problems caused by the vast expense of unity and high labour costs The author argues that these great changes

provide a new and daunting challenge to the Bonn system by calling into question the Berlin Republic's ability to meet the

needs of the German nation The difficulties resulting from Germany's commitment to European integration are also

addressed Within Europe German insistence on deeper integration is often seen as evidence of a German wish to dominate

Europe even though the stated aim of Kohl's government is to prevent this from happening The author believes that Germany's new power is clearly visible and must be carefully managed if future conflict is to be avoided

Legacies of Stalingrad

Christina Morina,2014-05-14 Christina Morina's book examines the history of the Eastern Front war and its impact on

German politics and society throughout the postwar period She argues that the memory of the Eastern Front war was one of

the most crucial and contested themes in each part of the divided Germany Although the Holocaust gained the most

prominent position in West German memory official memory in East Germany centered on the war against the USSR The

book analyzes the ways in which these memories emerged in postwar German political culture during and after the Cold War

and how views of these events played a role in contemporary political debates The analysis pays close attention to the

biographies of the protagonists both during the war and after drawing distinctions between the accepted public memory of

events and individual encounters with the war

The Longman Companion to Germany Since 1945 Adrian Webb,1998 This

essential reference tool for teachers and students provides a wealth of information on the history of Germany since the

Second World War including much material which is not readily available

Deutschland seit 1945 Dieter

Klar,Goethe-Institut (Monachium),,1997 **Losing Heaven** Thomas Großbölting,2016-10-01 As the birthplace of the

Reformation Germany has been the site of some of the most significant moments in the history of European Christianity

Today however its religious landscape is one that would scarcely be recognizable to earlier generations This groundbreaking survey of German postwar religious life depicts a profoundly changed society congregations shrink private piety is on the wane and public life has almost entirely shed its Christian character yet there remains a booming market for syncretistic and individualistic forms of popular religion Losing Heaven insightfully recounts these dramatic shifts and explains their consequences for German religious communities and the polity as a whole
