Anticipation Guide Template For History:

Getting to the Core of Literacy for History/Social Studies, Science, and Technical Subjects, Grades 6-12 Vicky Giouroukakis, Maureen Connolly, 2013-05-14 Literacy is not just for English teachers anymore. The new Common Core English Language Arts Standards aren't just for English teachers. Fluent reading and writing are critically important to the study of history, social studies, science, and technical subjects too. What's more, the progress your students make is directly tied to their ability to process information they read and to express their ideas in writing. So how do you make literacy a focus of your teaching without taking time away from essential content? This practical resource, packed with teacher-tested CCSS-based sample lessons, shows you how using the Backward Design approach to set and meet your goals. Each lesson template includes the teaching strategies you'll utilize, ways to incorporate technology and media, variations for differentiation and interdisciplinary connections, links to the work of major educational theorists. Following these models, you'll set the CCSS in your sights and develop lessons that both meet standards and fit your classroom. Before you know it, you'll be infusing reading and writing across your curriculum in purposeful and meaningful ways. Common Core Literacy for ELA, History/Social Studies, and the Humanities Katherine S. McKnight, 2014-04-18 Common Core Literacy for ELA History Social Studies and the Humanities In this age of the Common Core State Standards, all content area teachers must integrate literacy standards into their curriculum. If you're like most content area educators, you're feeling a bit overwhelmed at the thought of applying the new standards or you might just need a little extra help. In this hands-on resource, Common Core literacy expert Katherine McKnight offers secondary teachers a clear understanding of what literacy looks like in English Language Arts, ELA, social studies, and other humanities-related subjects. She gives educators proven teaching techniques that will help them to develop literacy skills in their students. The book offers a wealth of practical strategies and activities that content area teachers can integrate seamlessly. Included are: A selection of activities that support literacy skills and build content knowledge. Ideas for implementing the literacy requirements of the Common Core in specific content areas. An easy-to-use Difficulty Dial that indicates the complexity of each activity. Robust student samples that bring the activities to life across a variety of grade levels. Praise for Common Core Literacy for ELA History Social Studies and the Humanities McKnight eloquently dispels much of the mythology surrounding the new standards and explains how to help students find success. You'll find this engaging book your go-to resource for implementing the Common Core. Richard M. Cash, Ed.D., Educational Consultant, Author, *Advancing Differentiation: Thinking and Learning for the 21st Century*. While this book would be a gift to any beginning teacher, its practical and comprehensible support for literacy as defined by the Common Core State Standards makes it a must-have for all teachers. Laura Garner, Language Arts Coordinator, Berkeley County South Carolina Public Schools. This is a must-read for all middle and high school content area teachers. McKnight shows how every strategy in the book supports student achievement of the Common Core. LeAnn Nickelsen, M.Ed., Educational Consultant, Coauthor, *Deeper Learning* and
