## **Firm The Troubled Life Of The House Of Windsor:**

The Firm Penny Junor, 2009-06-01 It would be hard to invent a group of personalities more extraordinary than the British Royal Family known as The Firm by Prince Philip With an eye on the past present and future this book takes an up to date look at how the family really operates and reveals how they behave behind closed doors      **Kings and Their Sons in Early Modern Europe** Mark Konnert, 2018-12-01 Some of history's greatest dramas have unfolded in the stories of kings and their sons in early modern Europe and their conflicts presaged in some ways today's tensions in family run businesses In several notorious cases the kings despised their sons to the point of committing murder thus killing their own heirs Prof Konnert shows that these tragic dramas actually represent an extreme of the normal state of affairs rather than unusual occurrences They are different in degree not kind This book is the first to look at these episodes in a systematic and comparative fashion The stories are moving in themselves but viewed in their historical context they illuminate aspects of a past society which has faded from view in the 21st century Two of the most famous episodes those of Frederick the Great of Prussia and his father and of Peter the Great of Russia and his son are examined here as well as three less well known cases These episodes are put into historical context and the family dynamics of these royal dynasties are discussed showing not only how they differed from those of today but also from those of their more common contemporaries These tensions are also compared to those that have emerged in family run businesses where conflicts between fathers and sons are also very common Furthermore when the interests of the dynastic enterprise whether political or corporate take precedence over family life and personal happiness marriage practices can produce particularly toxic relations The cases examined here are unusual only in the degree of hostility rather than in its existence      **The Royal Family vs 'The Crown'** Catherine Curzon, 2025-03-30 Uncover the truth behind Netflix's The Crown with this guide separating royal fact from dramatic fiction For six seasons royal watchers across the globe have been hooked on Netflix's smash hit factual drama The Crown Over sixty episodes multiple casts and headline grabbing storylines The Crown has promised to throw open the closed doors of Britain's palaces to reveal the deepest secrets of the House of Windsor From the last days of George VI to the accession of Queen Elizabeth II and into the twenty first century it has told the story of the monarchy in an ever changing and turbulent world The Royal Family vs The Crown turns the spotlight on the glittering Netflix series and lays bare what's fact and what is very definitely fiction Season by season episode by episode The Royal Family vs The Crown digs deep into history to examine the plots the trivia and the characters who have stepped out of the throne room and into the living room telling the real stories behind the drama that has thrilled and scandalised audiences worldwide From the abdication of a king to Princess Diana's infamous Panorama interview the marriage of Charles and Camilla and everything in between this is your indispensable guide to the true stories behind the streaming phenomenon      *Historical Dictionary of the British Monarchy* Kenneth J. Panton, 2011-02-24 The monarch is the United Kingdom's head of state exercising powers that are circumscribed by common

law convention and statute law Nowadays many of the sovereign's functions are ceremonial but in the past the balance between ceremony and decision making was very different The foundations of the modern monarchy were laid more than a millennium ago in Anglo Saxon and Celtic Britain so its modern form is a stage in an evolution that has been shaped by attitudes towards divorce the changing role of women the democratization of society dynastic intermarriage financial demands religious convictions struggles for economic and political power and territorial aggrandizement Covering some of the most famous figures in world history including William the Conqueror Henry VIII and Queens Victoria Elizabeth I and Elizabeth II the Historical Dictionary of the British Monarchy provides a chronology starting with the year 495 and continuing to the present day an introductory essay an extensive bibliography and over 600 cross referenced dictionary entries on significant persons places events institutions and other aspects of British culture society economy and politics This book is a must for anyone interested in the British monarchy
