

The background of the entire slide is a technical drawing, likely a mechanical or structural drawing, featuring various lines, dimensions, and annotations. The drawing is rendered in a sepia or brownish tone, giving it a classic, aged appearance. It includes various geometric shapes, lines, and text, typical of engineering drawings.

Nitrogen Capture Anthony S. Travis, 2018-04-24 This monograph provides an account of how the synthetic nitrogen industry became the forerunner of the 20th century chemical industry in Europe the United States and Asia Based on an earlier SpringerBrief by the same author which focused on the period of World War I it expands considerably on the international aspects of the development of the synthetic nitrogen industry in the decade and a half following the war including the new technologies that rivalled the Haber Bosch ammonia process Travis describes the tremendous global impact of fixed nitrogen as calcium cyanamide and ammonia including the perceived strategic need for nitrogen mainly for munitions and increasingly its role in increasing crop yields including in Italy under Mussolini and in the Soviet Union under Stalin The author also reviews the situation in Imperial Japan including the earliest adoption of the Italian Casale ammonia process from 1923 and the role of fixed nitrogen in the industrialization of colonial Korea from the late 1920s Chemists historians of science and technology and those interested in world fertilizer production and the development of chemical industry during the first four decades of the twentieth century will find this book of considerable value Chitrolekha

International Magazine on Art and Design, Volume 5, Number 2, 2015 Tarun Tapas Mukherjee, Sreecheta Mukherjee, 2015-08-01 This issue contains varied articles on art architecture and crafts *The Global Work of Art* Caroline A. Jones, 2017-06-01 Global biennials have proliferated in the contemporary art world but artists engagement with large scale international exhibitions has a much longer history that has influenced the present in important ways Going back to the earliest world s fairs in the nineteenth century this book argues that globalism was incubated in a century of international art contests and today constitutes an important tactic for artists As world s fairs brought millions of attendees into contact with foreign cultures products and processes artworks became juxtaposed in a theater of nations which challenged artists and critics to think outside their local academies From Gustave Courbet s rebel pavilion near the official art exhibit at the 1855 French World s Fair to curator Beryl Madra s choice of London based Cypriot Hussein Chalayan for the off site Turkish pavilion at the 2006 Venice Biennale artists have used these exhibitions to reflect on contemporary art speak to their own governments back home and challenge the wider geopolitical realm changing art and art history along the way Ultimately Caroline A Jones argues the modern appetite for experience and event structures which were cultivated around the art at these earlier expositions have now come to constitute contemporary art itself producing encounters that transform the public and force us to reflect critically on the global condition European Patent Law Duncan Matthews, Paul

Torremans, 2023-10-04 This book provides a comprehensive overview of European Patent Law It presents a critical analysis of the European patent law system and the proposed changes to it The book explores the strengths and weaknesses of the European Patent Convention and the interaction between the national and the European level as well as across borders
