Germany Since World War II:

World War II Memory and Contested Commemorations in Europe and Russia Jennifer A. Yoder, 2024-01-01

Instrumentalization of the wartime past for political gain is the subject of this study of eleven World War II commemorations. Using a comparative conceptually original approach, Yoder identifies the actors who manipulate memory surrounding wartime anniversaries such as the bombing of Dresden and ceremonies to honor fallen soldiers and fascist collaborators. The cases of memory contestation span three geographic regions: Western Europe, Eastern Europe, and Russia, recognizing that each developed distinctive interpretations of the war and different patterns of memory politics. This empirically rich study reveals the grievances that motivate memory challengers and their strategies for shaping the commemoration discourses and rituals. The memory challengers' toolkit includes varieties of emotional manipulation, subtle distortion, revisionism, and full-scale denial. The study finds that while there are differences in context and strategy across cases and regions, there are also areas of convergence. Moreover, a memory challenge in one country can spill over into others with serious consequences for foreign relations. While *World War II Memory and Contested Commemorations in Europe and Russia* deals with debates and narratives about events in the last century, its focus is on power, persuasion, and identity in the present. U.S. Army Area Handbook for Germany Norman C. Walpole, 1964

Structural Changes in West German Agriculture Elfriede Anne Krause, 1972 Hearings United States. Congress. House. Committee on Interstate and Foreign Commerce, 1956

Military Construction Appropriations for 1957: Department of the Air Force United States. Congress. House. Committee on Appropriations, 1956 *Military Construction Appropriations for 1957: Department of the Navy* United States. Congress. House. Germany, Hitler, and World War II Gerhard L. Weinberg, 1995-02-24 Reflecting on the greatest war in human history, one cannot help but think about the terrible conflict as a whole: its leaders, its peoples, and the puzzles still open about its conduct. Leaders on both sides realized that at stake from the very beginning was a complete restructuring of the world order. More than a conflict of imperial aggression, World War II was about who would live and command the globe's resources and which peoples would disappear entirely because they were believed to be inferior or undesirable by the victor. This collection of special studies in twentieth-century German and world history illuminates the nature of the Nazi system and its impact on Germany and the world. Bringing together essays now widely scattered and several never previously published in English, this volume examines the Holocaust, the connections between the European and Pacific theatres of war, as well as the effects, leaders, and research problems of World War II. By examining the effects of World War II, its leaders, its problems, and the Holocaust, this volume provides an illuminating study of the nature of the Nazi system and its impact on Germany and the world. Germany Since World War II Klaus Larres, 2014-06-01 *Germany Since World War II* reaches beyond unification to trace the most important political, cultural, and social developments through to the present. **The**

Political Re-education of Germany & Her Allies After World War II Nicholas Pronay, Keith Malcolm Wilson, 1985 To find more information on Rowman Littlefield titles please visit us at www.rowmanlittlefield.com

2033-The Century After Georg Woodman, Dr.MSc. & PhD, 2017-10-18 What if things went differently in the 1930s and 40s giving victory to Germany and Japan In that scenario what would the world be like a century later This story of altered history begins in 2033 when Alois Adolf Hitler III the grandson of Adolph Hitler is reminiscing on the balcony of the Reichskanzlei chancellery on how his grandfather accomplished victory in World War II and about everything that has happened since Read how history was rewritten and how the third generation of The Third Reich is doing This stunning story connects history with reality and fiction showing a possible future that could have happened In reality Nazi Germany made increasingly aggressive territorial demands threatening war if they were not met It seized Austria and Czechoslovakia in 1938 and 1939 Hitler made a pact with Joseph Stalin and invaded Poland in September 1939 launching World War II in Europe In alliance with Italy and smaller Axis powers Germany conquered most of Europe by 1940 and threatened Great Britain In fiction What changed to allow Hitler to win the war Find out in 2033 The Century After As our wheel of history shows it could have spun in another direction just as easily

Of States, Rights, and Social Closure Oliver Schmidtke, Saime Ozcurumez, 2007-12-25 Do nation states act to facilitate or limit immigration and integration how and why How do nation states themselves transform in understanding and interpreting rights respond to immigration Does the European Union make a difference in terms of how immigrants are perceived or how they act as stakeholders in liberal democracies

The Western Heritage: To 1715 Donald Kagan, Steven E. Ozment, Frank Miller Turner, 1987

The GI Offensive in Europe Peter R. Mansoor, 1999 The German Wehrmacht was one of the most capable fighting forces the world has ever known but in the end it was no match for the Allies Some historians contend that the Allies achieved victory through brute force and material superiority But as Peter Mansoor argues all of the material produced by US industry was useless without trained soldiers to operate it a coherent doctrine for its use and leaders who could effectively command the formations into which it was organized

[Georgia Local Government Journal](#), 1959

The Political Re-Education of Germany and Her Allies Taylor & Francis Group, 2021-07 Originally published in 1985 this book provides an important insight into the principal aspects of the history of the policy and practice of political re education from its origins to 1951 Political re education was the British alternative to the ideas put forward by the USA and the USSR in the common search for a post war policy which would permanently prevent the resurgence of Germany for a third time as a hostile military power It was adopted as Allied policy and remains one of the boldest and most imaginative policies in history for securing lasting peace This book discusses the question of the place of this policy in the preservation of peace and the integration of Germany and Japan into the community of their historical enemies

The Publishers Weekly, 1916

Hitler Strikes Poland Alexander B. Rossino, 2003 Usually given short shrift in most histories of World War II Hitler's invasion of Poland was more than a series of opening salvos it was a testing ground

for German brutalities to come This is a comprehensive study of the campaign including insights into its ideological underpinnings

Shadow on the White House David L. Anderson, 1993 Harry Truman's administration began searching for an American response to the clash in Indochina between French colonialism and Vietminh communism in 1945 Thirty years and five administrations later Gerald Ford and his aides tried unsuccessfully to solicit additional aid for South Vietnam from a reluctant Congress For Truman Ford and every American leader in between the dilemma in Vietnam hung ominously over the presidency In *Shadow on the White House* seven prominent historians examine how the leadership of six presidents and an issue that grew into a difficult and often unpopular war shaped each other Focusing on the personalities politics priorities and actions of the presidents as they confronted Vietnam the authors consider the expansion of presidential power in foreign policy formulation since World War II In their analyses they chronicle the history of executive leadership as it related to Vietnam assess presidential prerogatives and motives on war and peace issues and clarify the interconnection between the modern presidency and the nation's frustrating tragic and humiliating failure in Southeast Asia Although other histories have been written about the Vietnam experience this book is the first systematic and comparative survey on presidential leadership as it relates to the war issue It is organized by presidential administrations giving a detailed examination of each president's decisions and policies Based on the most recently opened archival sources the essays provide a framework on which to hang the kaleidoscopic events of the war Amazon.com
