*Global Governance of Civil Aviation Safety* Nilgun Ozgur, 2022-09-30 This book indicates the shortcomings of the current international legal system and customary international norms that govern international aviation law to comply with contemporary air transport market realities As the air transport market develops globally the safety regime of civil aviation should also be governed and applied globally In this book the author departs from current international legal norms to examine the emerging legal field of global administrative law Through that lens the possibility of reconstructing the set of legal mechanisms that govern domestic and international administrative interaction in the global field of aviation safety is explored This book demonstrates that a legal system is never complete but always develops in tandem with changing needs i e the participation of the affected parties Exploring the principles of GAL theory contributes to addressing the contemporary legal issues relating to state compliance with international aviation safety standards that would otherwise not be covered by customary international law In particular the principles of GAL theory regarding global

governance and the public character of global regulations the role of individuals and states in global governance and state sovereignty are considered valuable contributions to contemporary global aviation safety issues in practice It is asserted in this book that proper checks and balances in global aviation safety can be improved by making these accessible to individuals by way of national courts Finally establishing public awareness of global aviation safety standards will eventually create greater pressure on states to implement and enforce them This book is in an area increasing academic and research interest of practitioners of public international aviation law global administrative law global governance and global aviation safety global air transport market regulations      **Understanding and Governing Sustainable Tourism Mobility** Scott A.

Cohen,James E.S. Higham,Gossling Stefan,Paul Peeters,2014-03-26 Despite a growing contribution to climate change tourist and traveller behaviour is currently not acknowledged as an important sector within the development of climate policy Whilst tourists may be increasingly aware of potential impacts on climate change there is evidence that most are unwilling to modify their actual behaviours Influencing individual behaviour in tourism and informing effective governance is therefore an essential part of climate change mitigation This significant volume is the first to explore the psychological and social factors that may contribute to and inhibit sustainable change in the context of tourist and traveller behaviour It draws on a range of disciplines to offer a critical review of the psychological understandings and behavioural aspects of climate change and tourism mobilities in addition to governance and policies based upon psychological behavioural and social mechanisms It therefore provides a more informed understanding of how technology infrastructure and cost distribution can be developed in order to reach stronger mitigation goals whilst ensuring that resistance from consumers for socio psychological reasons are minimized Written by leading academics from a range of disciplinary backgrounds and regions this ground breaking volume is essential reading for all those interested in the effective governance of tourism s contribution to climate change now and in the future      *Tourism and Oil* Susanne Becken,2015-01-12 This book is the first to examine oil constraints and

tourism and addresses one of the key challenges for the tourism industry in the future It provides an estimate of how much oil tourism consumes globally and summarises state of the art information on oil resources oil data and public discourse The volume also offers an analysis of the economic implications of increasing oil prices for tourism and discusses key dimensions relevant for tourism in a post peak oil world It will be useful for tourism stakeholders globally postgraduate students in tourism and resource management ecological economists and those researching issues of resource efficiency carrying capacity and global environmental change      **Yearbook of International Organizations 2014-2015, Volumes 1a & 1b (Set)** Union of International Associations,2014-06-16 Volume 1 A and B covers international organizations throughout the world comprising their aims activities and events      **Arizona Journal of International and Comparative Law** ,2013
