initiation into emergency medicine when at age thirty six he enrolled in the Harvard of paramedic schools UCLA's Daniel Freeman Paramedic Program long considered one of the best and most intense paramedic training programs in the world. Few jobs can match the stress trauma and drama that a paramedic calls a typical day at the office and few educational settings can match the pressure and competitiveness of paramedic school. Blending months of classroom instruction with ER rotations and a grueling field internship with the Los Angeles Fire Department UCLA's paramedic program is like a mix of boot camp and med school. It would turn out to be the hardest thing Grange had ever done but also the most transformational and inspiring. An in depth look at the trials and tragedies that paramedic students experience daily Lights and Sirens is ultimately about the best part of humanity people working together to help save a human life. *Approach*, 1987.
