Mukherjee, 2015-08-01 This issue contains varied articles on art architecture and crafts *The Global Work of Art* Caroline A. Jones, 2017-06-01 Global biennials have proliferated in the contemporary art world but artists engagement with large scale international exhibitions has a much longer history that has influenced the present in important ways Going back to the earliest world s fairs in the nineteenth century this book argues that globalism was incubated in a century of international art contests and today constitutes an important tactic for artists As world s fairs brought millions of attendees into contact with foreign cultures products and processes artworks became juxtaposed in a theater of nations which challenged artists and critics to think outside their local academies From Gustave Courbet s rebel pavilion near the official art exhibit at the 1855 French World s Fair to curator Beryl Madra s choice of London based Cypriot Hussein Chalayan for the off site Turkish pavilion at the 2006 Venice Biennale artists have used these exhibitions to reflect on contemporary art speak to their own governments back home and challenge the wider geopolitical realm changing art and art history along the way Ultimately Caroline A Jones argues the modern appetite for experience and event structures which were cultivated around the art at these earlier expositions have now come to constitute contemporary art itself producing encounters that transform the public and force us to reflect critically on the global condition **European Patent Law** Duncan Matthews, Paul

Torremans, 2023-10-04 This book provides a comprehensive overview of European Patent Law It presents a critical analysis of the European patent law system and the proposed changes to it The book explores the strengths and weaknesses of the European Patent Convention and the interaction between the national and the European level as well as across borders

 Hayward,2018-07-26 Emerging from the confluence of Greco Roman mythology and regional folklore the mermaid has been
 an enduring motif in Western culture since the medieval period It has also been disseminated more widely initially through
 Western trade and colonisation and more recently through the increasing globalisation of media products and outlets Scaled
 for Success offers the first detailed overview of the mermaids dispersal outside Europe Complementing previous studies of
 the interrelationship between the mermaid and Mami Wata spirit in West Africa this volume addresses the mermaids
 presence in a range of Middle Eastern Asian Australian Latin American and North American contexts Individual chapters
 identify the manner in which the mermaid has been variously syncretised and or resignified in contexts as diverse as Indian
 public statuary Thai cinema and Coney Islands annual Mermaid Parade Rather than lingering as a relic of a bygone age the
 mermaid emerges as a versatile dynamic and above all polyvalent figure Her prominence exemplifies the manner in which
 contemporary media lore has extended the currency of established folkloric figures in new and often surprising ways
 Analysing aspects of religious symbolism visual art literature and contemporary popular culture this copiously illustrated
