## 11th Grade Grammar Exercises:

*Elective Language Study and Policy in Israel* Malka Muchnik, Marina Niznik, Anbessa Teferra, Tania Gluzman, 2016-10-13  
This book presents research on the instruction of two heritage languages and two foreign languages in Israeli schools. The authors explore language policy and the way languages are studied from the point of view of students, teachers, schools, and curricula. Language in Israel is a loaded concept closely linked to ideological, political, and social issues. The profound changes in language policy in the West, along with two large waves of immigration from the Former Soviet Union and Ethiopia, resulted in new attitudes towards immigrant languages and cultures in Israel. Are these new attitudes strong enough to change the language policy in the future? What do students and teachers think about the language instruction at school? Are the teaching materials updated and do they address modern demands? This book provides answers to these and other questions. As well as describing the instruction of two heritage languages, Russian and Amharic, and two foreign languages, French and Spanish, the book also contains an extensive background on the immigration history and acculturation process of the speakers of each of these languages. An in-depth understanding of the case of Israel will serve as a guide for other countries contending with similar issues pertaining to the adjustment of language policies in light of immigration and other challenging circumstances. *Teachers' Guide for the Public Schools of Madison*, 1874 Educational Weekly, 1878

The wife of a Scottish lord persuades him to murder the King for his crown with dire consequences. Shakespeare's classic play has delighted readers and film fans for many years. This version of the story has been specially adapted for kids from nine to twelve years old. The language and vocabulary are simple and emphasis is on action using past, present and future simple tenses. Punctuation meets UK or USA ESL CEFR IELTS Level B2 in most cases, although there are some 17th Century features of the text which do not comply and have been left intact to preserve the charm of Shakespeare's text. The vocabulary in this book is harder than for *The Mysterious Affair at Styles* and *The Secret Adversary*. You should try those books first if you are not familiar with words like the following: *disdaining*, *undaunted*, *distillation*, *refrain*, *slaughtered*. Lazlo Ferran is a fully qualified English teacher and teaches in London. He has also published more than twenty novels, making him the ideal choice to adapt Shakespeare's stories for children.
