2 pages | 450 words

The movie "Twelve Angry Men" is a film about twelve jurors in a murder trial deliberating the guilt or acquittal of a defendant on the basis of reasonable doubt. All of the jurors come from very different backgrounds and see things in very different perspectives. This essay will be analyzing the group discussion that was dramatized in the film. The issues that will be brought up in this essay are leadership, participation, climate, conflict, and argumentation. One of the leadership theories that is used in this film is the styles theory. The Styles Theory of Leadership examines a collection of specific behaviors that constitute three distinct leadership styles: autocratic, democratic, and laissez-faire. In the beginning of the movie all of the jurors were going to vote the defendant guilty except for Juror #8. He was the only one of the jurors that wasn't in a rush to go home and go about their business. In his opinion they shouldn't send a man to jail without discussing it first. This is an example of a laissez-faire leader. He was laid back and didn't demand to be the leader or to control anyone.

He simply asked that they share why they believed the defendant was guilty. He then asked them to listen to what he had to say and if they still didn't believe that there was reasonable doubt he would vote guilty so that they could all go home because that is what they wanted. Although he is the "odd one out" it is clear to the viewer that he is the leader of the jury not the Forman. By the end of the film he had convinced all of the jurors to believe that there was reasonable doubt and that the defendant was not guilty. Trait theory was another theoretical approach that was used in the film by Juror #8.

He possessed a few leadership traits that persuaded some of the other jurors to listen to him. Juror #8 was intelligent, respectful, open-minded, calm, and had good listening skills. At the beginning of the film everyone was yelling at him and telling him that he was crazy. He didn't fight back or get angry he stayed calm. He just wanted everyone to hear him out and have a discussion before acquitting a possibly innocent man. Juror #8 listened to what everyone had to say and brought up different ways that the evidence could have been wrong. He didn't force or peer pressure anyone to change their vote, but he had such compelling arguments that everyone came to the realization that there was a possibility that the defendant did not kill his father.

12 Angry Men Essay Introduction:

Visual Writing Alex Baratta, 2010-07-12 Considering the fact that the academic essay continues to be widely used as an assessment tool within education there is a need for students to develop their skills in this area. However it is often the case that students perceive instruction in academic writing if it is offered at all as boring. This book addresses these two issues. First the book can be used by students themselves even in the absence of academic writing classes as a self help guide from which they can develop their knowledge of academic writing and subsequent proficiency. Second by discussing the components of academic writing in terms such as film which are familiar to today's generation students are enabled to relate to the material better and see what might have been perceived as dull from a brand new perspective. Visual learners in particular will enjoy the analogous link between films and essays and students today are arguably more visually literate than previous generations being exposed to visuals on a daily basis through text message, iconography, computer games and the Internet. The visual instruction provided in turn helps to facilitate mental visuals in students' minds from which their knowledge of essay writing can start to develop.

Wikipedia contributors, Legal Reelism John Denvir, 1996 Law and justice are important themes in film not only in courtroom dramas but also in the western, the film noir, even the documentary. In the Godfather trilogy, Francis Ford Coppola shows that the Mafia possesses its own strict codes even though they are in conflict with those of the criminal justice system. In Woody Allen's *Crimes and Misdemeanors* the protagonist also gets away with murder but with a different dramatic intent by the director and a different effect on the audience. Shedding light on myriad facets of the law-film relationship, fourteen contributors to *Legal Reelism* analyze films ranging from *The Man Who Shot Liberty Valance*, *It's a Wonderful Life*, and *Drums Along the Mohawk* to *Do the Right Thing*, *Basic Instinct*, *The Thin Blue Line*, and *Thelma and Louise*. The first volume to contain work by both humanists and legal specialists, *Legal Reelism* is a landmark text for those concerned with depictions of justice in the media and the impact of those depictions on society at large.
