Student-generated Rubrics Larry Ainsworth, Jan Christinson, 1998 The model guides students to develop task specific rubrics for evaluating their own and their peers work Justice for Animals Martha C. Nussbaum, 2023-01-03 A revolutionary new theory and call to action on animal rights ethics and law from the renowned philosopher Martha C Nussbaum Animals are in trouble all over the world Whether through the cruelties of the factory meat industry poaching and game hunting habitat destruction or neglect of the companion animals that people purport to love animals suffer injustice and horrors at our hands every day The world needs an ethical awakening a consciousness raising movement of international proportions In Justice for Animals one of the world's most influential philosophers and humanists Martha C Nussbaum provides a revolutionary approach to animal rights ethics and law From dolphins to crows elephants to octopuses Nussbaum examines the entire animal kingdom showcasing the lives of animals with wonder awe and compassion to understand how we can create a world in which human beings are truly friends of animals not exploiters or users All animals should have a shot at flourishing in their own way Humans have a collective duty to face and solve animal harm An urgent call to action and a manual for change Nussbaum's groundbreaking theory directs politics and law to help us meet our ethical responsibilities as no book has done before Rethinking Rubrics in Writing Assessment Maja Wilson, 2006 The conventional wisdom in English education is that rubrics are the best and easiest tools for assessment But sometimes it's better to be unconventional In Rethinking Rubrics in Writing Assessment Maja Wilson offers a new perspective on rubrics and argues for a better more responsive way to think about assessing writers progress Though you may sense a disconnect between student centered teaching and rubric based assessment you may still use rubrics for convenience or for want of better alternatives Rethinking Rubrics in Writing Assessment gives you the impetus to make a change demonstrating how rubrics can hurt kids and replace professional decision making with an inauthentic pigeonholing that stamps standardization onto a notably nonstandard process With an emphasis on thoughtful planning and teaching Wilson shows you how to reconsider writing assessment so that it aligns more closely with high quality instruction and avoids the potentially damaging effects of rubrics Stop listening to the conventional wisdom and turn instead to a compelling new voice to find out why rubrics are often replaceable Open Rethinking Rubrics in Writing Assessment and let Maja Wilson start you down the path to more sensitive authentic style of writing assessment Using Rubrics for Performance-Based Assessment Todd Stanley, 2021-10-03 Writing a rubric that can accurately evaluate student work can be tricky Rather than a single right or wrong answer rubrics leave room for interpretation and thus subjectivity How does a teacher who wants to use performance based assessment in this day and age of educational data and SMART goals find a way to reliably assess student work The solution is to write clear rubrics that allow the evaluator to objectively assess student work This book will show classroom teachers not only how to create their

own objective rubrics which can be used to evaluate performance assessments but also how to develop rubrics that measure hard to assess skills such as leadership and grit and how to empower their own students to create rubrics that are tailored to their work
