Miguel A. Jiménez-Crespo

2015 Consumer Studies Study Guide:

Consumer Psychology: A Study Guide to Qualitative Research Methods Paul M.W. Hackett, Jessica Schwarzenbach, Uta Maria Jürgens, 2016-04-18 This book provides students with a clear and concise guide to studying undergraduate courses in qualitative consumer research and ethnography. The authors present the major qualitative research approaches used in consumer and marketing research as well as practical procedures and theoretical aspects of research design, report presentation, etc. In addition to that a weekly study guide including comprehensive reading lists completes the book.

Consumer Perception of Product Risks and Benefits Gerard Emilien, Rolf Weitkunat, Frank Lüdicke, 2017-03-14 This book reflects the current thinking and research on how consumers' perception of product risks and benefits affects their behavior. It provides the scientific, regulatory, and industrial research community with a conceptual and methodological reference point for studies on consumer behavior and marketing. The contributions address various aspects of consumer psychology and behavior, risk perception and communication, marketing research strategies, as well as consumer product regulation. The book is divided into 4 parts: Product risks, Perception of product risks and benefits, Consumer behavior, Regulation and responsibility.

Handbook of Research on Ergonomics and Product Design Hernández Arellano, Juan Luis, Maldonado Macías, Aide Aracely, Castillo Martínez, Juan Alberto, Peinado Coronado, Porfirio, 2018-04-06 Product design is an important field where ergonomics and human factors should be applied. To achieve this goal, effective strategies for process improvement must be researched and implemented. The Handbook of Research on Ergonomics and Product Design is a critical scholarly resource that provides new theories, methodologies, and applications of ergonomics and product design and redesign. Featuring a broad range of topics such as additive manufacturing, product analysis, and sustainable packing development, this book is geared towards academicians, practitioners, and researchers seeking current research on new theories, methods, and applications related to ergonomics and product design.

Methods in Consumer Research, Volume 1 Gastón Ares, Paula Varela, 2018-01-02 Methods for Consumer Research Volume One: New Approaches to Classic Methods brings together world-leading experts in global consumer research who provide a fully comprehensive state-of-the-art coverage of advances in the classical methods of consumer science. The book touches on the latest developments in qualitative techniques, including coverage of both focus groups and social media, while also focusing on a fundamental principle of consumer science: consumer segmentation and the influence of extrinsic product characteristics such as packaging and presentation on consumer liking. In conjunction with the second volume, which covers alternative approaches and special applications, this book is an invaluable reference for academics working in the fields of sensory and consumer science, psychology, marketing, and nutrition. And with examples of the methodology being applied throughout, it serves as a practical guide to research and development managers in both food and non-food companies. Presents a fully comprehensive coverage of the latest developments in the classical methodologies of consumer research. Provides examples of successful

application of the methodologies presented Includes focus groups and social media discussions Encompasses consumer segmentation with a focus on psychographics and genetics **Localization in Translation** Miguel A.
