## France Since 1918 Second Edition:

*Britain and the French Revolution* Clive Emsley, 2014-10-13 The French Revolution catapulted Europe into a new period of political upheaval social change and into the modern era This book provides a concise introduction to the impact of the French Revolution on Britain and to the ways in which this impact has been assessed by historians The book is organised thematically It begins with a survey of the ideological debate sparked off by the Revolution discussing in particular the work of people such as Burke Paine Spence and Wollstonecraft From here it presents an exploration of the Revolution's impact on Parliamentary politics The growth of radicalism and loyalism The way in which French ideas influenced Irish aspirations to generate rebellion The third main section of the book focuses on the causes and course of Britain's war with Revolutionary France and on the effects of the war on the home front most notably the recurrent serious food shortages

**The French at War, 1934-1944** Nicholas Atkin, 2014-07-22 The years 1934 to 1944 remain the most contentious and dramatic decade in modern French history Covering the Occupation the Vichy regime the Resistance and collaboration Nick Atkin provides an important introduction to this key period Accessible and concise the book offers a wide ranging synthesis of key themes and events Looking ahead to the present day the book also examines how the French establishment and public have coped with the legacy of Vichy and explains why the occupation is still ever present in French politics and everyday life

*Germany from Defeat to Partition, 1945-1963* D.G. Williamson, 2014-10-13 This book covers the years 1945-63 which witnessed the total defeat of the Third Reich the occupation and evolution of the German Federal Republic and German Democratic Republic The impact of the occupation is analysed as are the events leading to the division of Germany Politics economic history and social and cultural change in both Germanys are fully explored Thus in the FRG the nature of Adenauer's success in creating a parliamentary democracy is analysed as is the West German economic miracle There is also a chapter specifically on social and cultural developments in the FRG The GDR is treated equally comprehensively with particular attention being paid to the Socialist Unity Party and how it was able to dominate the GDR and survive the riots of 17-18 June 1953 The events leading up to the construction of the Berlin Wall are also carefully covered In the Conclusion a comparative summary of the two German states is made in the light of key themes

**Japan in Transformation, 1952-2000** Jeff Kingston, 2001 AUTHOR copy Japan in Transformation explores the conservative inertias and progressive yearnings that characterise contemporary Japan The second half of the twentieth century was a tumultuous period that transformed the way Japanese view the world and act in it This ideological transformation was driven by and reinforced institutional changes economic development political ferment and the dynamic tension between prevailing norms and shifting realities While focusing on transformation this book is sensitive to the incremental and cumulative nature of change and how the past resonates powerfully in the present Old verities linger and influence the patterns pace and nature of ongoing changes As Japan enters the twenty first century it is in the midst of a third great transformation on a par with the Meiji Restoration 1868 and the US Occupation 1945-52 and it is

not yet certain whether Japan will yet again emerge from considerable adversity with the same degree of success it enjoyed in the past The various forces that are driving the metamorphosis of modern Japan are exposing the limits of the postwar model The logic of the economic and political arrangements that have prevailed are changing with profound consequences for society There is ambivalence about the rapidity of change and the erosion of tenets many Japanese feel have been important to their identity as people cohesion as a community and success as a renovating democracy taming militarism and rejoining the community of industrialized societies but seems to have done a better job in containing and coping with these problems This interpretive history focuses on the economic miracle how Japan s troubled past in Asia is debated among Japanese and how it influences its contemporary regional relations the changing role of women the implications of Japan s demographic time bomb the Third Transformation and the Lost Decade of the 1990s *Contemporary French Cinema, 2nd Edition* Guy Austin,2008 Tracing the history of contemporary French cinema Guy Austin addresses key issues in French films such as national identity representations of sexuality and the new realism **India under Colonial Rule: 1700-1885**

Douglas M. Peers,2013-11-05 Between 1700 and 1885 the British became the paramount power on the Indian subcontinent their authority extending from Sri Lankain the south to the Himalayasin the north It was a massive empire inspiring both pride and anxiety amongst the British and forcing change upon and disrupting the lives of its Indian subjects Yet it is not simply a history of conquest and subjugation or dominance and defeat interaction and interdependency powerfully shaped the histories of all involved The end result was a hybrid empire India may have become by 1885 the jewel in the British crown but by that same year a series of changes had occurred within Indian society that would set the foundations for the modern states of India Pakistan and Bangladesh This book provides a concise introduction to these dramatic changes

*America in the Progressive Era, 1890-1914* Lewis L. Gould,2001 Covering the turbulent 1890s and the era of Theodore Roosevelt and Woodrow Wilson this new next provides a readable analytical narrative of the emergence influence and decline of the spirit of progressive reform that animated American politics and culture around the turn of the twentieth century

The Attlee Governments, 1945-1951 Kevin Jefferys,1992 In 1945 the Labour Government set about a major transformation of British society Dr Jefferys s analyses the main changes and relates them to debates within the Labour party on the nature of its aims and how best to achieve them **Catalogue of the Printed Books in the Library of the British Museum** British Library,1946
