 premise of our experience rather than a future Challenging customary aesthetic assumptions that we write in order not to die
 Sandor Goodhart suggests with Kafka we write to die Drawing upon analyses developed by Girard Foucault Blanchot and

 into its current form during the twentieth century This book analyses the role Jewish writers played in the process of its
 creation and development The author provides a comprehensive overview bridging such seemingly disparate themes and
 figures as the ghetto legends of the golem and their influence on both Frankenstein and robots the role of Jewish authors and
 publishers in developing the first science fiction magazine in New York in the 1930s and their later contributions to new and
 developing medial forms like comics and film Drawing on the historical context and the positions Jews held in the larger
 cultural environment the author illustrates how themes and tropes in science fiction and fantasy relate back to the realities of
 Jewish life in the face of global anti-Semitism the struggle to assimilate in America and the hope that was inspired by the
