70s Magazine Advertisement In Japan:

A Japanese Advertising Agency Brian Moeran, 2013-09-13 This is the only book of its kind written by an anthropologist who spent twelve months doing fieldwork in a major Tokyo agency and who has spent the past 30 years studying and living in Japan. By examining the production of advertising this book turns other semiotics media and cultural studies theories on their heads. By analysing the social structure of a modern media organization from the inside it makes anthropology relevant and intellectually stimulating. By treating the Japanese as a more or less normal and rational people it explodes the usual myths of exotic Japan and steps boldly into a global arena that embraces east and west in a new theory of values

Martin, 2009 During the 1960s and 70s in Japan the photobook through a combination of excellence in design printing and materials overtook prints as a popular mode of artistic dissemination. This process has expanded to an extent where any discussion of Japanese photography now has to include the book work. Today the most famous work such as Nobuyoshi Araki's *Sentimental Journey* and Eikoh Hosoe's *Man and Woman* continue to inspire artists internationally. **Japanese Photobooks of the 1960s and '70s** presents forty definitive publications from the era piecing together an otherwise invisible history that has played out in tandem with photography as a medium. Included are some of the most influential works along with forgotten gems placed within a larger historical and sociological context. Each book beautifully reproduced through numerous spreads is accompanied by an in-depth explanatory text and sidebars highlighting important editors, designers, themes and periodicals. Lavishly produced this unique publication is an ode to the distinct character and influence of the Japanese photobook.
