*Achieving Balance through Efficiency* Stephen Demeo, 2020-01-01 Those starting a career in teaching will put in an incredible amount of energy into their practice in order to learn their craft and become respected professionals In many cases however this energy is not enough to survive as a teacher Currently 1 in 5 new teachers will leave the profession after five years The purpose of this book is to improve the survivability of early career teachers by focusing on one key area Efficiency or what is referred to as Time Management This book will examine how teachers can become more efficient in their lesson and unit planning classroom organization assessment of their students how they interact with parents and even when they search and interview for a job Special emphasis is placed on one of the most challenging aspects of teaching classroom behavioral management The underlying basis for this book is a deep belief that successfully managing time will

allow teachers to create a positive balance between one's professional and personal lives. It is all too common to see time stressed and sleep exhausted teachers lose sight of the reasons they entered teaching eventually falling out of love with their subject and those they teach. This book will tackle head on the demands that teachers face by posing many detailed practical solutions to time management problems in a variety of different contexts. These solutions will not only come from the author's own experience preparing New York City science students for over 25 years but from researchers and veteran teachers and administrators who have published their findings and advice in leading educational journals. It is time to stop procrastinating and draw upon your inner grit to create order, routines and systems that can be used successfully in your teaching profession.

**Understanding Your Refugee and Immigrant Students** Jeffra Flaitz, 2006 Understanding Your Refugee and Immigrant Students is an excellent resource for educators who work with refugees and immigrants. This well researched volume including interviews with students from the profiled countries provides a wealth of information about the specific schooling traditions, practices, circumstances and expectations that follow these individuals to their new homes in North America and influence their learning experience. The author has focused her research on 18 countries that contribute a majority of refugees and immigrants to the United States: Afghanistan, Bosnia Herzegovina, Croatia, the Dominican Republic, Ecuador, El Salvador, Ethiopia, Guatemala, Honduras, India, Iran, Laos, Liberia, Peru, Somalia, Sudan, and the Ukraine. Each country profile features statistics about the country, a historical synopsis, an overview of the country's official education policy, cultural perspectives, and a problem solution section containing classroom strategies. The linguistic systems of the languages featured are also included for teacher reference. Also included is information about teacher-student relationships, discipline, and class management and appropriate non-verbal communication. This volume provides invaluable insight into refugee and immigrant students' cultural and educational backgrounds and gives instructors the tools to translate this information into

effective classroom strategies
