 Patrinos,2024-10-14 This open access book compares and analyses the results in twelve countries of the two latest  
 international student assessments Progress in International Reading Literacy Study 2021 PIRLS and the Programme for  
 International Student Assessment 2022 PISA and tries to disentangle the effects of the pandemic from the long term trends  
 in education It is one of the first or maybe the first published volumes to provide a global assessment of the devastating  
 impact of the COVID 19 pandemic on student learning as measured by independent international comparative surveys The 12  
 countries discussed in this volume represent a wide variety of educational systems including Chile Ecuador England Estonia  
 Italy the Netherlands Poland Portugal South Africa Spain and the United States It compiles diverse scenarios including  
 countries that are high performers countries that perform at the OECD mean and countries that are struggling to attain the  
 OECD average Each country has its history that reflects efforts to cope with pandemic school closures and to improve  
 educational achievement A major topic discussed in this edited volume is related to understanding the diverse circumstances  
 for the variations in results within different countries Why did learning loss in specific locations How much learning was lost  
 Why is a country continuously declining Why is another country constantly improving Why is there higher or less levels of  
 inequality How is a country regularly improving with an outdated curriculum Which policies have worked and which ones
