## Student Exploration: Weather Maps

**Vocabulary:** air mass, air pressure, cold front, high-pressure system, knot, low-pressure system, precipitation, warm front

**Prior Knowledge Questions** (Do these BEFORE using the Gizmo.)

1. How would you describe your weather today? **It has been overcast and cloudy, but the sun is still shining. It is about 60 degrees.**
2. What information is important to include when you are describing the weather? **Temperature, Clouds, Winds.**

**Gizmo Warm-up**

Data on weather conditions is gathered from weather stations all over the world. This information is combined with satellite and radar images to create weather maps that show current conditions. With the *Weather Maps* Gizmo, you will use this information to interpret a variety of common weather patterns.

A weather station symbol, shown at right, summarizes the weather conditions at a location.

1. The amount of cloud cover is shown by filling in the circle. A black circle indicates completely overcast conditions, while a white circle indicates a clear sky.

What percentage of cloud cover is indicated on the symbol above? **25%**

2. Look at the "tail" that is sticking out from the circle. The tail points to where the wind is coming from. If the tail points north, a north wind is moving from north to south.

What direction is the wind coming from on the symbol above? **The Southwest**

3. The "feathers" that stick out from the tail indicate the wind speed in **knots**. (1 knot = 1.151 miles per hour.) A short feather represents 5 knots (5.75 mph), a long feather represents 10 knots (11.51 mph), and a triangular feather stands for 50 knots (57.54 mph). Add the feathers to find the wind speed.

What is the wind speed shown on the symbol above? **25 knots/ 28.775 MPH**

Editor & Publisher ,2007      When the Rabbit Jumps Allan David Mowat,2017-09-26 Why do some of us despite our own trying circumstances go out of our way to help others while most people ignore the plight of strangers Quite often these actions simply cannot be explained That s the question Jarrod Wakefield a fugitive from justice asks himself the night he meets Lucas a troubled youth on the run from yet another bad group home placement After Jarrod rescues Lucas from a close call with the law the two develop an unlikely friendship and decide to travel together across the American Midwest in the early 1980s Both are fleeing a past they would rather forget with the hope of building a future that is free from the many problems that have plagued them thus far Along the way they meet a colorful cast of characters including the leaders of a commune in the hills of Minnesota who attempt to lure Lucas into a lifestyle he has no interest in pursuing Rather than the idyllic answer to the boy s troubles their methods simply become another form of manipulation and abuse Desperate to find freedom the two escape the commune and cross the border into Canada But as much as they want to separate themselves from their past they come to realize the freedom they seek may always remain just out of reach Will they finally be able to stop and face up to the troubles that put them on the road in the first place      The National Union Catalog, Pre-1956
