This first faithful and complete English translation by Daniel J. Donno is presented opposite the critically established Italian text with essential explanatory notes and an introductory essay. Students of Italian culture of the history of science and of political philosophical and religious thought will welcome the publication of this authoritative edition of Campanella's best known work. This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact.
