## **France Since The Revolution:**

*France Since the Revolution* Alfred Cobban, 1970      **France Since the Revolution** Claire Gorrara, Rachael Langford, 2003-01 *France since the Revolution* Texts and Contexts introduces students to modern France by exploring the emergence and development of France's five Republics and the values and ideals of French republicanism. Starting with the events of the French Revolution of 1789, each of the chapters in the book focuses on a flashpoint in French history: the Revolution of 1848, the Paris Commune of 1870, the Dreyfus affair of the 1890s, the First and Second World Wars, the Brazzaville conference of 1944, May 1968, and the campaign for political parity for women in the 1990s. Written by specialists from a range of disciplines including history, cultural studies, politics, and French area studies, these chapters address a series of contexts providing an overview of events and a critical interpretation of how such upheavals have affected the history of France's Republics. Questions of gender, race, and class are pivotal to such analyses. Complementing this emphasis on contexts are a number of texts available in French and English that give a flavour of how individual French men and women experienced their times. As an introductory book for undergraduates, *France since the Revolution* does not assume extensive previous knowledge and contains a complete glossary of the key names used in chapters, as well as a time line for reference and suggestions for further reading. An important resource for students and teachers alike, this accessible book gives its readers a firm base in nineteenth and twentieth century French history and culture from which to develop more specialized interests.      France in Revolution, 1776-1830 Sally Waller, 2002 The AS A2 History series that everyone's talking about

**France After Revolution** Denise Z. Davidson, 2007-04-30 Davidson provides a reevaluation of prevailing views on the effects of the French Revolution and particularly on the role of women. Arguing against the idea that women were forced from the public realm of political discussion, Davidson demonstrates how women remained highly visible and active.      **France in Revolution, 1848** Anthony Denholm, 1972      **France in Revolution** Dylan Rees, Duncan Townson, 2001 This second edition provides an updated narrative and analysis of one of modern Europe's most important and dramatic events. The author examines the causes, course, and impact of the French Revolution from its onset through to the overthrow of Napoleon. Starting with the ancien régime, the text covers the events that led to the outbreak of the revolution in 1789, the rise of the republican movement, the Terror, and the Thermidorian reaction. Coverage of the impact of the Revolution on France and the rest of Europe has been fully updated to take into account recent research. The title also considers the latest historical interpretations of the French Revolution. The updated study guides provide a firm basis for answering source-based and essay questions.      **History of the French Revolution from 1789 to 1814** M. Mignet, 2019-11-20 M. Mignet's *History of the French Revolution from 1789 to 1814* is a meticulous scholarly examination of one of history's most transformative epochs, characterized by its analytical rigor and narrative clarity. Mignet employs a chronological structure interspersed with thematic analyses, meticulously tracing the socio-political upheavals that characterized this tumultuous period. His literary

style deftly combines a dense yet accessible prose aiming to cater to both the erudite and the general reader allowing for a rich understanding of the Revolution's causes, key figures and its lasting impact on France and the world. M. Mignet, a prominent historian of the 19th century, was deeply immersed in the Enlightenment ideals that shaped his revolutionary interpretations. His background in political thought and his proximity to contemporaneous events allowed him to illuminate the complexities of the Revolution with a critical lens, making him a pivotal figure in historical narrative. His passion for recounting these events stemmed from a desire to convey the nuanced dynamics of liberty, democracy, and societal change, themes that resonate profoundly in today's discourse. This book is an indispensable resource for scholars, students, and anyone intrigued by the nuances of revolutionary history. Its insights into the motivations behind the events and the consequences that followed make it a compelling read. Mignet's work not only chronicles a significant period in history but also offers timeless reflections on the human condition, making it a must-have for any serious library.

**Social Life in England and France** Mary Berry, 1831      *The History of Modern France* Jonathan Fenby, 2015-07-02 With the defeat of Napoleon Bonaparte at the Battle of Waterloo in June 1815, the next two centuries for France would be tumultuous. Bestselling historian and political commentator Jonathan Fenby provides an expert and riveting journey through this period as he recounts and analyses the extraordinary sequence of events of this period from the end of the First Revolution through two others: a return of Empire, three catastrophic wars with Germany, periods of stability and hope interspersed with years of uncertainty and high tensions. As her cross-Channel neighbour Great Britain would equally suffer, France was to undergo the wrenching loss of colonies in the post-Second World War as the new modern world we know today took shape. Her attempts to become the leader of the European Union is a constant struggle, as was her lack of support for America in the two Gulf Wars of the past twenty years. Alongside this came huge social changes and cultural landmarks but also fundamental questioning of what this nation, which considers itself exceptional, really stood and stands for. That saga and those questions permeate the France of today, now with an implacable enemy to face in the form of Islamic extremism, which so bloodily announced itself this year in Paris. Fenby will detail every event, every struggle and every outcome across this expanse of 200 years. It will prove to be the definitive guide to understanding France.

**A Popular History of France from the First Revolution to the Present Time: 1832-1881** Henri Martin, 1882      **Episodes of the French Revolution from 1789 to 1795 (with an Appendix Embodying the Principal Events in France from 1789 to the Present Time), Examined from a Political and Philosophical Point of View** F. F. Benvenuti, 1880      *The Army of the French Revolution* Jean Paul Bertaud, 2019-02-19 Jean Paul Bertaud is the leading French authority on the army of the French Revolution and *La Revolution armee* is the authoritative treatment of the first great national patriotic revolutionary and mass army engaged in what has been called the first total war that between revolutionary France and the other European powers. The book is a successful attempt to integrate military history with social and political history and thereby to depict the army as a school for

the republic that by subtle changes after 1795 made way for the Napoleonic regime The distinguished historian R R Palmer presents the first translation of this work into English in a volume that will quickly become indispensable for French historians historical sociologists and political scientists interested in armies and revolutions The theme of the book is suggested by its French title the Revolution armed That is the book is primarily about the Revolution and specifically the Revolution in its relation to armed force This revolution and this army activated the idea of the citizen soldier exemplified by the ancient classical republics and favored by Jean Jacques Rousseau and other eighteenth century thinkers but never before realized on so large and portentous a scale as in France in the 1790s Jean Paul Bertaud is Professor of Modern History at the University of Paris I the Sorbonne He has published widely in France on aspects of the French Revolution R R Palmer is Professor Emeritus at Yale University and author of numerous books including the two volume The Age of the Democratic Revolution 1959 and 1964 Twelve Who Ruled 1941 and The Improvement of Humanity Education and the French Revolution 1985 all published by Princeton University Press He has translated many works from the French most recently The Two Tocquevilles Father and Son Herve and Alexis de Tocqueville on the Coming of the French Revolution Princeton 1987 Originally published in 1988 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 France John Edward Courtenay Bodley, 1898

*Words of Fire, Deeds of Blood: France in Revolution* Olivier Bernier, 2018-11-02 This book is a unique history of the French Revolution a colorful insightful and impassioned recounting of the events that signaled the birth of modern France and indeed the modern world In the space of just a few years King Louis XVI and Marie Antoinette descended from immense popularity and unquestionable power to a place on the scaffold Beginning with the storming of the Bastille the government of France went from oligarchy to near anarchy and finally to the formation of a republic Along the way the names of the major players from Marat and Robespierre to Talleyrand and Mirabeau were etched into the history of France as well as the rest of the world Award winning historian and biographer Olivier Bernier has turned to primary sources including the correspondence of Marie Antoinette the journals of the governess of the royal children eyewitness accounts and newspapers and journals of the time to make sense of the rapid and profound change the Revolution incited Words of Fire Deeds of Blood is a stirring account of one of the most fascinating and significant periods in history A Social History of the French Revolution Norman Hampson, 2008-03-07 The revolutionary movement which began in 1787 disrupted every aspect of French society rising to a pitch of such extreme violence that the effects are still felt in France today The Revolution was the product of social tensions that developed throughout France in the second half of the eighteenth century Norman Hampson analyses

the nature of these social conflicts within their political framework With enough background information to satisfy the general reader with no previous knowledge of the subject Norman Hampson's book devotes particular attention to provincial France The result is both a picture of the supreme crisis in French society and an examination of social attitudes and aspirations whose influence has been universal and enduring

**The History of France from the Earliest Times to 1848** François Guizot, Madame de Witt (Henriette Elizabeth), 1885 The history of France: from the earliest period to the present time. (including a faithful account of the war with Germany, by T. Wright and lieutenant-colonel Williams). 3 vols. [in 4 pt.]. Thomas Wright, 1871

**An Impartial History of the Late Revolution in France** Jean-Paul Rabaut, 1794 The French Revolution and the People David Andress, 2004 The French Revolution of 1789 was the central event of modern history Although the Revolution started with the resistance of a minority to absolutist government it soon spread to involve the whole nation including the men and women who made up by far the largest part of it the peasantry as well as townspeople and craftsmen the poor and those living on the margins of society The French Revolution and the People is a portrait of the common people of France in the towns and in the countryside in Paris and Lyon in the Vendée Brittany Provence Popular grievances and reactions affected the events and outcome of the Revolution at all stages and in turn everyone in France was affected by the Revolution The French Revolution and the People tells a vivid story of conflict violence and death as the injustices of the Ancien Régime were thrown off Bloomsbury Publishing

The French Revolutionary Epoch Henri Van Laun, 1879
