emergent political forms from the Global South and North These case studies are located in the informal social economy and community development as well as everyday practices from prefigurative politics to community cooperatives and participatory planning This book makes an important contribution to debates about the prospects for and practices of a transformative grassroots globalization and to critical debates about globalization and development strategies It will be of interest to students and scholars of international relations globalization social movement studies political and economic geography sociology anthropology and development studies    **The Publisher** ,1917    *British Books* ,1915    **Books in Series** ,1985 Vols for 1980 issued in three parts Series Authors and Titles    **House Furnishing Review** ,1941    Journal of Developmental Education ,2015    **Who's who Among Students in American Universities and Colleges** Henry Pettus Randall,1976    Canadian Journal of Physics ,2015    **The Saturday Review of Politics, Literature, Science and Art** ,1864    *Publishers' Circular and Booksellers' Record of British and Foreign Literature* ,1917    **Metals Abstracts** ,1995    **National Union Catalog** ,1983    *Subject Guide to Books in Print* ,1991
