**Correcting the Scholarly Record for Research Integrity** M. V. Dougherty, 2018-11-09 This volume is the first book length study on post publication responses to academic plagiarism in humanities disciplines It demonstrates that the correction of the scholarly literature for plagiarism is not a task for editors and publishers alone each member of the research community has an indispensable role in maintaining the integrity of the published literature in the aftermath of plagiarism If untreated academic plagiarism damages the integrity of the scholarly record corrupts the surrounding academic enterprise and creates inefficiencies across all levels of knowledge production By providing case studies from the field of philosophy and related disciplines the volume exhibits that current post publication responses to academic plagiarism are insufficient It catalogues how humanities disciplines fall short in comparison with the natural and biomedical sciences for ensuring the integrity of the body of published research This volume provides clarity about how to conceptualize the scholarly record surveys the traditional methods for correcting it and argues for new interventions to improve the reliability of the body of published research The book is valuable not only to those in the field of philosophy and other humanities disciplines but also to those interested in research ethics meta science and the sociology of research

*Food and Cooking Skills Education* Anita Tull, 2018-01-29 Food and Cooking Skills Education FCSE is a complex mix of policy and practicality educational theory and pedagogy classroom and government policy This book shows how FCSE has been at the centre of a tussle between education and policy for decades It reviews how FCSE has grappled with various significant issues of concern that threaten to marginalise it and pose problems for educational practicalities as expectations are increased but resources are squeezed It assesses the debate about the significance and importance of acquiring practical food and cooking skills in a society where the purchase of ready made food has become commonplace and public knowledge of where our food comes from is noticeably lacking This has contributed to the escalating incidence of diet related diseases

and the attendant cost to society and threatened environmental sustainability In turn governments have reacted by proposals to make practical cooking skills a statutory National Curriculum subject as part of the armoury for tackling such costs Based on detailed research conducted across England and Wales as well as comparisons with thirty five other countries or states the author makes recommendations for policy to manage this challenge facing contemporary society     Privacy Vulnerabilities and Data Security Challenges in the IoT Shivani Agarwal,Sandhya Makkar,Duc-Tan Tran,2020-11-23 This book discusses the evolution of security and privacy issues in the Internet of Things IoT The book focuses on assembling all security and privacy related technologies into a single source so that students researchers academics and those in the industry can easily understand the IoT security and privacy issues This edited book discusses the use of security engineering and privacy by design principles to design a secure IoT ecosystem and to implement cyber security solutions This book takes the readers on a journey that begins with understanding security issues in IoT enabled technologies and how these can be applied in various sectors It walks readers through engaging with security challenges and building a safe infrastructure for IoT devices The book helps researchers and practitioners understand the security architecture of IoT and the state of the art in IoT countermeasures It also differentiates security threats in IoT enabled infrastructure from traditional ad hoc or infrastructural networks and provides a comprehensive discussion on the security challenges and solutions in RFID and WSNs in IoT This book aims to highlight the concepts of related technologies and novel findings by researchers through its chapter organization The primary audience comprises specialists researchers graduate students designers experts and engineers undertaking research on security related issues     Sustaining Human Progress Khalid Malik,2014 Most people in most countries have been steadily better in human development Advances in technology and incomes hold ever greater for longer healthier more secure lives     **Get Set, Go!** Thomas R.
