Tribing and Untribing the Archive Carolyn Hamilton,Nessa Leibhammer,2016 These volumes track how the domain of the tribal and traditional was marked out and came to be sharply distinguished from modernity how it was denied a changing history and an archive and was endowed instead with a timeless culture These volumes also offer strategies for engaging with the materials differently from the interventions effected in contemporary artworks to the inserting of nameless timeless objects of material culture into histories of individualized and politicized experience Publisher's description **Illustrated Glossary of Southern African Architectural Terms, English-isiZulu** Franco Frescura,Philisiwe

Joyce Myeza,2016 Since 1994 South Africa has undergone a steady erosion of its indigenous built environment with a concomitant loss of indigenous building technology and its specialised terminology This glossary is based on the premise that readers cannot understand the culture of a people unless they have a grasp of the nuances and hidden meanings of the language The authors bring together in one volume the terminologies that are used by southern Africa's rural builders The terminology used by indigenous builders is included here as well as the terminology used by subsequent colonial white settlers including buildings of the so called Cape Dutch English Georgian Victorian and Indian Traditions The text is set out in alphabetical order It comprises each term in its original language its translation where appropriate into isiZulu and its definition in English and isiZulu One of the strengths of English isiZulu Glossary of Architectural Terms is its visual component of accompanying sketches that expertly illustrate the terms This book is designed not only to assist in the teaching of architecture but also to aid others who are interested in the field Researchers and practitioners in disciplines such as anthropology archaeology culture studies and building science will find it a valuable addition to their libraries Series UKZN Bilingual Glossary Series Subject Architecture African Studies Anthropology Art History *John Solilo* John
