Application For Nsfas 2016 Ufs

Magda Fourie-Malherbe

Application For Nsfas 2016 Ufs:

Universities, Employability and Human Development Melanie Walker, Samuel Fongwa, 2017-01-20 The book makes a significant contribution to critical higher education studies specifically to graduate employability research and to capabilities and education research The book moves beyond the simplistic conception of alleged gaps in graduate skills and mismatches between employers and universities and instead provides an innovative multi dimensional and intersectional human capabilities conceptualisation of graduate employability The book challenges an individualised notion of employability instead locating employability issues in social and economic conditions and argues that employability choices cannot be divorced from inequality Qualitative and quantitative data from multiple case study universities in South Africa are used to explore the perceptions and experiences of diverse students lecturers support officers and employers regarding what each university is doing or should be doing to enhance graduate economic opportunities and contribute to inclusive development The book will be highly relevant to students scholars and researchers in the fields of education and sociology particularly those with an interest in graduate employability

Creating Conditions for Student Success Magda Fourie-Malherbe, 2021-12-15 The various chapters of this book have brilliantly provided perspectives on creating conditions for success in higher education from a wide variety of stakeholders within a university environment The rich content comes from varying fields of study as well as academic development and student affairs directorates within the institution This is what is exciting about the book The diversity of focus in chapters makes the book relevant to anyone with interest in higher education matters From the opening to the closing chapter students are making a contribution on what the university has done or is doing for them to succeed or what it should consider doing to improve its service to students This touches on every environment that students find themselves in a university setting from residences to the classroom to commuter or off campus students The book s extended use of the capabilities approach and critical social theories has enabled it to provide nuances on not only the success of students but more importantly about how the higher education environment can transform itself to practices relevant for the sector today The various research studies in this book can benefit similar university contexts nationally and internationally
