Art Collecting and Gifts to Museums Paul van der Grijp, 2024-12-06 Art Collecting and Gifts to Museums questions why private collectors donate their collection or parts of it to museums and examines what the implications of this gifting process might be Presenting case studies from Europe North America East Asia and the South Pacific this book is concerned with both elite and popular collections and examines the act of donating art from the collector's point of view Demonstrating that art museums depend on donations from private collectors Paul van der Grijp emphasizes that it is crucial to understand the psychological sociological economic and educational motivations for gifting works of art to institutions Taken together the chapters argue that collectors donate to museums because the latter represent an imagined community to whom those collectors would like to bestow a sacred gift Private collectors are Van der Grijp maintains motivated to ensure the immortality of their collections and ultimately to preserve some memory of their own lives in the process Art Collecting and Gifts to Museums will be of interest to researchers and students engaged in the study of museums culture art anthropology history and sociology

*Wax Trash and Vinyl Treasures: Record Collecting as a Social Practice* Roy Shuker, 2017-07-05 The term record collecting is shorthand for a variety of related practices Foremost is the collection of sound recordings in various formats although often with a marked preference for vinyl by individuals and it is this dimension of record collecting that is the focus of this book Record collecting and the public stereotypes associated with it is frequently linked primarily with rock and pop music Roy Shuker focuses on these broad styles but also includes other genres and their collectors notably jazz blues exotica and ethnic music Accordingly the study examines the history of record collecting profiles collectors and the collecting process considers categories especially music genres and types of record collecting and outlines and discusses the infrastructure within which collecting operates Shuker situates this discussion within the broader literature on collecting along with issues of cultural consumption social identity and the construction of self in contemporary society Record collecting is both fascinating in its own right and provides insights into broader issues of nostalgia consumption and material culture

**Do Not Sell At Any Price** Amanda Petrusich, 2014-07-08 A thoughtful entertaining history of obsessed music collectors and their quest for rare early 78 rpm records Los Angeles Times Do Not Sell at Any Price is a fascinating complex story of preservation loss obsession and art Before MP3s CDs and cassette tapes even before LPs or 45s the world listened to music on fragile 10 inch shellac discs that spun at 78 revolutions per minute While vinyl has enjoyed a renaissance in recent years rare and noteworthy 78rpm records are exponentially harder to come by The most sought after sides now command tens of thousands of dollars when they're found at all Do Not Sell at Any Price is the untold story of a fixated coterie of record collectors working to ensure those songs aren't lost forever Music critic and author Amanda Petrusich considers the particular world of the 78 from its heyday to its near extinction and examines how a cabal of competitive quirky individuals have been frantically lining their shelves with some of the rarest records in the world Besides the mania of collecting

Petrusich also explores the history of the lost backwoods blues artists from the 1920s and 30s whose work has barely survived and introduces the oddball fraternity of men including Joe Bussard Chris King John Tefteller and others who are helping to save and digitize the blues country jazz and gospel records that ultimately gave seed to the rock pop and hip hop we hear today From Thomas Edison to Jack White Do Not Sell at Any Price is an untold intriguing story of the evolution of the recording formats that have changed the ways we listen to and create music Whether you re already a 78 aficionado a casual record collector a crate digger or just someone who enjoys listening to music you re going to love this book Slate
