EBOOK:

Operations Management: Theory and Practice: Global Edition STEVENSON, WILL, 2019-01-11 EBOOK Operations Management Theory and Practice Global Edition *Operations and Supply Chain Management* Roberta S. Russell, Bernard W. Taylor, 2021-03-09 Russell and Taylor's Operations and Supply Chain Management is designed to teach students how to analyze processes, ensure quality, create value and manage the flow of information and products while creating value along the supply chain in a global environment. Russell and Taylor explain and clearly demonstrate the skills needed to be a successful operations manager. Most importantly, Operations Management makes the quantitative topics easy for students to understand and the mathematical applications less intimidating. Appropriate for students preparing for careers across functional areas of the business environment, this text provides foundational understanding of both qualitative and quantitative operations management processes.

[Planning and Analyzing Foreign Direct Investment Projects: Emerging Research and Opportunities](#) Sariaslan, Halil, 2018-12-14 Globalization accelerated by information technologies has increased the speed of business transactions and has reduced the distances between international businesses. This growth has transformed the realm of foreign investment in countries around the world, calling for a methodological approach to planning feasible capital investment proposals in general and foreign direct investment projects. Planning and Analyzing Foreign Direct Investment Projects: Emerging Research and Opportunities is a pivotal reference source that provides a systems approach to investment projects in a globalized and open society. While highlighting topics such as consumer analysis, competitive strategy and market analysis, this publication explores the profitability and feasibility of international investments as well as the risks and resources associated with strategic project planning. This book is ideally designed for business managers, entrepreneurs, researchers, academicians, graduate students, policymakers, investors and project managers seeking
