,1990 A Report on Activities Under the National Traffic and Motor Vehicle Safety Act of 1966 and the Motor Vehicle Information and Cost Savings Act of 1972 , For a Greater Good: The Tom Swann Story Thomas A.

Swann, 2025-10-10 I wrote this book because you and I both need some inspiration from time to time in a tough world. I came out of the closet in 1992 as a gay Marine Corps veteran and civilian worker with a secret clearance for the Department of the Navy. I was assaulted and faced discrimination and retaliation from Navy officials. I was living with advanced AIDS. I suffered and persevered while the ACLU represented me in litigation against the Navy. I am the last federal employee to have his access to classified information challenged by the government based on being a member of the LGBTQ community. Our historic successful ACLU litigation against the Navy prompted the Navy Secretary to add sexual orientation protection to the Equal Employment Opportunity EEO policy for all civilian employees. The Navy added this protection more than four years before the other branches of the military. Now DEI and the EEOC are being shut down and we seem to be going backwards. My story will shed light on how difficult work was before DEI and why these programs are so vital for our nation. The fact that the ACLU and I accomplished this is inspiring. It means you can persevere through adversity and your hopes can be fulfilled.

First have faith in a higher power and second believe in the person you see when you stand in front of a mirror. You must never give up hope or give in to discrimination. **Popular Mechanics** ,1991 **Popular Science** ,1989-11 Popular

Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better and science and technology are the driving forces that will help make it better.
