## Introduction

The TEAS® Study Manual, now comprehensive for the Test of Science and English (TEAS), this book provides you with an overview of the content and skills included on the TEAS along with suggestions for effectively preparing for the test. First, this guide will outline the parts of the test. The TEAS covers a broad range of essential skills in reading, math, science, and English and language usage that you have developed over the course of your academic career. Next, this guide will help you create a study plan to prepare for each subject area. Finally, this study guide provides features covering each discipline of the TEAS test plan. Features include sample questions, diagrams, and graphic organizers to help you master key ideas. Each feature ends with practice questions similar to those you will encounter on the TEAS. A detailed explanation of the correct answer for each question is also included to ensure you understand key concepts that will appear on the TEAS.

### TEAS SUBJECT AREAS

The TEAS test was designed for health science students to measure the academic preparedness of prospective students. Questions on the TEAS assess student knowledge of key disciplines that address topics presented in grades 7 to 12. The disciplines include skills and concepts that health science programs believe are most important for success in health science programs. The disciplines cover the academic subject areas of:

- Reading
- Math
- Science
- English and Language Usage

The 15,000+ items in this manual provide questions for each of the key disciplines of the TEAS. Keep in mind that the questions provided in this manual are not representative. They do not include all of the possible concepts appropriate for the discipline. The diagrams do, however, provide a clear overview of the content and skills you will encounter on the TEAS.

### TEAS QUESTIONS

The TEAS is composed of five tests that include 100+ questions per test. The majority of items are four options, multiple-choice questions. With the introduction of the TEAS 7.0 test plan in 2024, additional item types will start to be incorporated into the test. These include:

- Multiple select (select all that apply)
- Supply answer (fill in the blank, matching, response)
- Ordering (put options in the correct sequence)
- Drag and drop (to use or to image)

The test is available in both paper and pencil multiple-choice questions only and computer-adaptive multiple-choice questions. Questions from the four subject areas are grouped in separate sections, and each test is reported by separate score line. The following table provides the number of questions and time limits for each section of the TEAS, listed in order of administration.

| Subject Area               | Number of Questions      | Test Limit |
|----------------------------|--------------------------|------------|
| Reading                    | 40 questions (8 percent) | 30 min     |
| Mathematics                | 30 questions (6 percent) | 30 min     |
| Science                    | 30 questions (6 percent) | 30 min     |
| English and Language Usage | 20 questions (4 percent) | 20 min     |

**Total** 120 questions (24 percent) 120 min

Questions in each subject area are represented by the test topics being assessed. There are a set number of questions for each key topic. The following table shows the number of scored questions for each key topic.

| Subject Area/Topic/Key Topics                             | Number of Questions |
|---|---------------------|
| Reading   | 40                  |
| Math (not test items)                                     | 30                  |
| Math and science  | 5                   |

### TAKING THE TEAS

The TEAS is administered in a standardized environment across by a proctor. The proctor will ensure that all testing protocols are strictly followed.

For the most updated information about registering for and taking the TEAS, visit [www.atischools.org/teas](https://www.atischools.org/teas). This is the best source for current information based on the needs of administrators that you will be using.

### WHAT TO BRING

- Photo ID: To be admitted to your testing session, you will need to present proper photo identification, such as a driver's license, passport, or government ID. You will not be admitted or be able to take the test if your ID does not meet the following requirements: government-issued, current photograph, accurate signature, and permanent address. A credit card photo or a student ID does not meet the criteria.
- Writing Instruments: Be sure to bring two sharpened No. 2 pencils with attached erasers. The proctor will provide pens and pencils.
- IDB Key: The IDB key is a small device that is used to log into the testing system. It is provided to you by the proctor.

### WHAT NOT TO BRING

Do not bring any electronic devices or any other items that are prohibited in the testing room.

- No cell phones, smart phones, or any other electronic devices.
- No calculators.
- No personal items, including bags, backpacks, or purses.
- No electronic devices, including smart phones, tablets, or any other electronic devices.
- No food or drink.
