### **Way to Wisdom** Karl Jaspers,1951

*An Introductory Philosophy of Medicine* James A. Marcum,2008-05-07 In this

book the author explores the shifting philosophical boundaries of modern medical knowledge and practice occasioned by the crisis of quality of care especially in terms of the various humanistic adjustments to the biomedical model To that end he

examines the metaphysical epistemological and ethical boundaries of these medical models. He begins with their metaphysics analyzing the metaphysical positions and presuppositions and ontological commitments upon which medical knowledge and practice is founded. Next he considers the epistemological issues that face these medical models particularly those driven by methodological procedures undertaken by epistemic agents to constitute medical knowledge and practice. Finally he examines the axiological boundaries and the ethical implications of each model especially in terms of the physician patient relationship. In a concluding Epilogue he discusses how the philosophical analysis of the humanization of modern medicine helps to address the crisis of care as well as the question of What is medicine. The book's unique features include a comprehensive coverage of the various topics in the philosophy of medicine that have emerged over the past several decades and a philosophical context for embedding bioethical discussions. The book's target audiences include both undergraduate and graduate students as well as healthcare professionals and professional philosophers. This book is the 99th issue of the Series Philosophy and Medicine and it can be considered a crown of thirty years of intensive and dynamic discussion in the field. We are completely convinced that after its publication it can be finally said that undoubtedly the philosophy of medicine exists as a special field of inquiry.

**An Introduction to Philosophy** Paul J. Glenn, 1944    **An Introduction to the Philosophy of Education** Daniel John O'Connor, 1957    *Introduction to Philosophy* John Perry, Michael Bratman, John Martin Fischer, 2016.
