How To Lie With Statistics:

How to Lie with Statistics Darrell Huff, 2023-03-30 A great introduction to a crucial topic Bill Gates Perhaps the most popular book on statistics ever published It's a marvel gave me a peek behind the curtain of statistical manipulation showing me how the swindling was done so that I would not be fooled again Tim Harford In 1954 Darrell Huff decided enough was enough Fed up with politicians advertisers and journalists using statistics to sensationalise inflate confuse oversimplify and on occasion downright lie he decided to shed light on their ill informed and sneaky ways *How to Lie with Statistics* is the result the definitive and hilarious primer in the ways statistics are used to deceive With over one and half million copies sold around the world it has delighted generations of readers with its cheeky takes on the ins and outs of samples averages errors graphs and indexes And in the modern world of big data and misinformation Huff remains the perfect guide through the maze of facts and figures that are designed to make us believe anything A hilarious exploration of mathematical mendacity Every time you pick it up what happens Bang goes another illusion The New York Times A pleasantly subversive little book guaranteed to undermine your faith in the almighty statistic Atlantic *How to Lie with Statistics* Darrell Huff, 1960

Summary of How to Lie With Statistics by Darrell Huff QuickRead, Lea Schullery, Learn to identify how companies use statistics to deceive and manipulate the public Today our news is bombarded with statistical information We are given averages percentages and more and are simply expected to trust these numbers without question H G Wells understood the importance of understanding this information by stating Statistical thinking will one day be as necessary for efficient citizenship as the ability to read and write Unfortunately many in society don't have a strong sense of statistical thinking and writers take advantage of this by using the necessary vocabulary and numbers to dupe their readers At first glance numbers seem credible and trustworthy but if you take a deeper look you might find that there is more than meets the eye Throughout *How to Lie With Statistics* Darrell Huff shares the tricks writers use in statistics to their advantage As you read you'll learn when it is statistically safest to drive how to create the best sample in a study and why counting all the beans is simply too hard Do you want more free book summaries like this Download our app for free at <https://www.quickread.com> App and get access to hundreds of free book and audiobook summaries **DISCLAIMER** This book summary is meant as a preview and not a replacement for the original work If you like this summary please consider purchasing the original book to get the full experience as the original author intended it to be If you are the original author of any book on QuickRead and want us to remove it please contact us at hello@quickread.com **How to Lie with Statistics** D.
