Journey Back From Hell An Oral History Conversations With Concentration Camp Survivors:

The Journey Back from Hell Anton Gill,1988 This book is a record of oral history as the author recorded the personal testimony of over 100 survivors of the Nazi concentration camps in the course of his enquiry into how they have come to terms with their ordeals since World War II **The Journey Back from Hell** Anton Gill,1991-09-01 Gulag Literature and the Literature of Nazi Camps Leona Toker,2019-08-28 A literary scholar examines survival narratives from Russian and German concentration camps shedding new light on testimony in the face of evil In this illuminating study Leona Toker demonstrates how Holocaust literature and Gulag literature provide contexts for each other especially how the prominent features of one shed light on the veiled features and methods of the other Toker s analysis concentrates on the narrative qualities of the works as well as how each text documents the writer s experience in a form where fictionalized narrative can double as historical testimony Toker also views these texts against the background of historical information about the Soviet and the Nazi regimes of repression Writers at the center of this work include Varlam Shalamov Primo Levi Elie Wiesel and Ka Tzetnik and others including Aleksandr Solzhenitsyn Evgeniya Ginzburg and Jorge Sempr n illuminate the discussion Toker also provides context for references to potentially obscure historical events and shows how they form new meaning in the text **The Jewish Holocaust** Marty Bloomberg,Buckley Barry Barrett,1995-01-01 This expanded edition of the guide to major books in English on the Holocaust is organized into ten subject areas reference materials European antisemitism background materials the Holocaust years Jewish resistance **Holocaust Survivors and Immigrants** Boaz Kahana,Zev Harel,Eva Kahana,2007-03-06 Based on a unique research study this volume examines the later life development of Holocaust survivors from Israel and the US Through systematic interviews the authors noted researchers and clinicians collected data about the lives of these survivors and how they compared to peers who did not share this experience The orientation of the book synthesizes several conceptual approaches gerontological and life span development stress research and traumatology and also reflects the varied disciplines of the authors spanning psychology social work and sociology The result is a multi faceted view of their subject with an understanding of the individual society and the interaction of the two tempered by the authors own Holocaust experiences Chapters cover a range of areas including stress and coping of these survivors reviews of their health and mental health an examination of their social integration as well as a review of the multiple predictors of psychological well being and adaptation to aging This book will be of interest to psychologists social workers sociologists psychiatrists and all those who study both trauma and aging Days of Remembrance, April 18-25, 1993 ,1993 Introduces the history of Jewish holocaust and provides information on planning commemorative programs *The Blessed Abyss* Nanda Herbermann,2000 One woman s memories of her deportation to Ravensbr ck Concentration Camp for Women in July 1941 *Days of Remembrance, April 26-May 3, 1992* ,1992 **On Listening to Holocaust Survivors: Beyond Testimony** Henry Greenspan,2010-11 Challenges conventional wisdom and wisely transforms the

process of discerning and responding to what survivors of the Holocaust and other genocides have to say [Oral History](#),1997 *The Jewish Book Guide* Wendy Bernstein Schauder,1990-05-01 To find more information about Rowman and Littlefield titles please visit www.rowmanlittlefield.com *On Listening to Holocaust Survivors* Henry Greenspan,1998-09-30 How do Holocaust survivors find words and voice for their memories of terror and loss This landmark book presents striking new insights into the process of recounting the Holocaust While other studies have been based typically on single interviews with survivors this work summarizes twenty years of the author's interviews and reinterviews with the same core group In this book therefore survivors recounting is approached not as one time testimony but as an ongoing deepening conversation Listening to survivors so intensively we hear much that we have not heard before We learn for example how survivors perceive us their listeners and the impact of listeners on what survivors do in fact retell We meet the survivors themselves as distinct individuals each with his or her specific style and voice As we directly follow their efforts to recount we see how Holocaust memories challenge their words even now burdening survivors speech distorting it and sometimes fully consuming it It is not a story insisted one survivor about his memories It has to be made a story On Listening to Holocaust Survivors shows us both the ways survivors can make stories for the not story they remember and just as important the ways they are not able to do so **The Survivors** Eleanor H. Ayer,1998 Describes the conditions of Holocaust survivors when they were liberated as well as their struggle as they attempt to rebuild their lives **Bibliography On Holocaust Literature** Abraham J Edelheit,Hershel Edelheit,1990 A second supplement which contains 4000 new entries to keep pace with the outpouring of literature on the Holocaust Readers attention is directed to new materials and to items newly available including books pamphlets and journal articles many of which are catalogued for the first time [The New York Times Book Review](#) ,1990 Presents extended reviews of noteworthy books short reviews essays and articles on topics and trends in publishing literature culture and the arts Includes lists of best sellers hardcover and paperback *Chronicles* ,1991 **Stealth Altruism** Arthur B. Shostak,2017-07-12 Though it has been nearly seventy years since the Holocaust the human capacity for evil displayed by its perpetrators is still shocking and haunting But the story of the Nazi attempt to annihilate European Jewry is not all we should remember Stealth Altruism tells of secret non militant high risk efforts by Carers those victims who tried to reduce suffering and improve everyone's chances of survival Their empowering acts of altruism remind us of our inherent longing to do good even in situations of extraordinary brutality Arthur B Shostak explores forbidden acts of kindness such as sharing scarce clothing and food rations holding up weakened fellow prisoners during roll call secretly replacing an ailing friend in an exhausting work detail and much more He explores the motivation behind this dangerous behavior how it differed when in or out of sight who provided or undermined forbidden care the differing experiences of men and women how and why gentiles provided aid and most importantly how might the costly obscurity of stealth altruism soon be corrected To date memorialization has emphasized what was done to victims and sidelined what

victims tried to do for one another Carers provide an inspiring model and their perilous efforts should be recognized and taught alongside the horrors of the Holocaust Humanity needs such inspiration **Nazi History and the Holocaust** ,1999

When Truth was Treason Blair Holmes,Alan Frank Keele,1995 A chilling true story of four courageous teenagers who defied the Nazis Based on a first person account by one of the surviving conspirators Karl Heinz Schnibbe a working class son of the city of Hamburg this book provides a vivid chronicle of the brave young men who faced the awful tyranny of a nation s darkest hour 20 photos **The Last Great Victory** Stanley Weintraub,1996 From the inner councils of the Japanese to the fateful decisions to atom bomb Hiroshima and Nagasaki Stanley Weintraub brings to life this watershed month in which empires fell old orders passed away and a new age began The best account yet of the war s final month Newsweek photos 3 maps
