Introduction / Motivation		
Instruction / Delivery	<p>Sociology as a science, study social groups and human relationships which help shed new insight into the interconnectedness between the self and other people.</p> <p>Charles Horton Cooley, the self is not dependent on biological predispositions; rather, it is a product of social interaction.</p> <p>One of the pioneering contributions to sociological perspectives was Charles Cooley (1864-1929). He asserted that people's self-understanding is constructed, in part, by their perception of how others view them – a process term "the looking glass self".</p> <p>Sociologist Charles Horton Cooley introduced the looking-glass self to highlight that the people whom a person interacts become a mirror in which he views himself.</p> <p>The looking Glass Self (Cooley, 1902)</p>	Students will give their insights about sociological perspective of self.
