## **Envy Of Angels Cathedral Schools And Social Ideals In Medieval Europe 950 1:**

The Envy of Angels C. Stephen Jaeger, 2013-08-31 Before the rise of universities cathedral schools educated students in a course of studies aimed at perfecting their physical presence their manners and their eloquence The formula of cathedral schools was letters and manners *litterae et mores* which asserts a pedagogic program as broad as the modern letters and science The main instrument of what C Stephen Jaeger calls charismatic pedagogy was the master's personality his physical presence radiating a transforming force to his students In *The Envy of Angels* Jaeger explores this intriguing chapter in the history of ideas and higher learning and opens a new view of intellectual and social life in eleventh and early twelfth century Europe

**Latinitas Perennis. **On Pedantry** Arnoud S. Q. Visser, 2025-11-04 A lively and entertaining cultural history of a supremely annoying intellectual vice Intellectuals have long provoked scorn and irritation even downright aggression Many learned individuals have cast such hostility as a badge of honor a sign of envy or a form of resistance to inconvenient truths On Pedantry offers an altogether different perspective revealing how the excessive use of learning has been a vice in Western culture since the days of Socrates Taking readers from the academies of ancient Greece to today's culture wars Arnoud Visser explains why pretentious and punctilious learning has always annoyed us painting vibrant portraits of some of the most intensely irritating intellectuals ever known from devious sophists and bossy savantes to hypercritical theologians dry as dust antiquarians and know it all professors He shows how criticisms of pedantry have typically been more about conduct than ideas and he demonstrates how pedantry served as a weapon in the perennial struggle over ideas social status political authority and belief Shifting attention away from the self-proclaimed virtues of the learned to their less than flattering vice Visser makes a bold and provocative contribution to the history of Western thought Drawing on a wealth of sources ranging from satire and comedy to essays sermons and film On Pedantry sheds critical light on why anti-intellectual views have gained renewed prominence today and serves as essential reading in an age of rising populism across the globe

*The Medieval Mediterranean City* Felicity Ratté, 2021-08-31 This book is a study of architecture and urban design across the Mediterranean Sea from the 12th to the 14th Century a time when there was no single hegemonic power dominating the area The focus of the study four cities on the Italian peninsula and four in Syria and Egypt is the interconnectedness of the design and use of urban structures streets and open space Each chapter offers an historical analysis of the buildings and spaces used for trade education political display and public action The work includes historical and social analyses of the mercantile social political and educational cultures of the eight cities highlighting similarities and differences between Christian and Islamic practices Sixteen new maps drawn specifically for this book are based on the writings of medieval travelers

**Manuscripts and Monastic Culture** Alison I. Beach, 2007 Each of the studies in this volume draws upon a manuscript or a group of manuscripts that shed light on the practice of monastic life during this period of reform Many but not all of the papers focus on the monastery of Admont in central Austria Admont was one of the most important spiritual cultural and intellectual centres in the high Middle Ages and its magnificent library still houses an extensive collection of manuscripts a rich resource both for the history of the monastery and for the broader history of medieval religious life The book brings together the work of an international group of scholars whose work touches on various aspects of twelfth-century Admont and the broader movement for reform and renewal in Germany and Austria With the publication of Charles Homer Haskins' important work *The Renaissance of the Twelfth Century* 1933 came a new

way of looking at the civilization of the high Middle Ages Scholars have since investigated many aspects of this revival the rise of the universities the development of canon law the emergence or re emergence of a heightened sense of human individuality and the revival of religious fervour that has been labelled a reformation before the Reformation Much of this scholarly work has focused on north central Italy France and England Germany however has been little studied in this context in part because the nature and trajectory of the reform there differed from that seen elsewhere in Europe The essays in the book both explore connections between Germanic lands and the wider western European context and consider the unique spiritual and intellectual climate of Germany s monasteries

**International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences** ,1996    **Arts & Humanities Citation Index** ,2000    **Friars, Scribes, and Corpses** Kimberly J. Vrudny,2010 The *Speculum humanae salvationis* Mirror of Human Salvation a medieval book recounting in forty five chapters the story of human redemption within the larger context of the Virgin Mary s life was something of a best seller in the Middle Ages surviving in over 400 copies Because the author wrote anonymously however little about the book s initial context is known despite a century s long effort to uncover the author s identity *Friars Scribes and Corpses* investigates a Marian confraternal setting for the *Speculum* s emergence and newly proposes consideration of Nicola da Milano as the poem s author Its central chapters show how the scribes who copied the *Speculum* preserved the author s rhetorical considerations that served so well the purposes of Marian confraternal preaching including elements that suit memory training techniques used in the Middle Ages such as building an architectural structure in one s mind tagging memories with emotion and internalizing the transformative nature of spiritual lessons The final chapter asserts that the poem s lessons would have been particularly desired in the context of plague when the number of corpses threatened to destroy people s faith in a merciful God *Friars Scribes and Corpses* challenges assumptions about the *Speculum* as well as the dominantly held view that there was an overwhelming emphasis on death in the late medieval period Rather this book demonstrates that there was a competing emphasis on life as glimpsed in the glass of the *Speculum*

*Socialising the Child in Late Medieval England, C. 1400-1600* Merridee L. Bailey,2012 The question and procedures of integrating children into wider society during the medieval and early modern period are debated across a wide range of contemporary texts This study examines ways in which vernacular literature provided a guide to socialising children

*Byzantine Hermeneutics and Pedagogy in the Russian North* Robert Romanchuk,2007-12-29 The Kirillov Monastery at White Lake in the far north of the Muscovite state was home to the greatest library and perhaps the only secondary school in all of medieval Russia This volume reconstructs the educational activities of the spiritual fathers and heretofore unknown teachers of that monastery Drawing on extensive archival research published records and scholarship from a range of fields Robert Romanchuk demonstrates how different habits of reading and interpretation at the monastery answered to different social priorities He argues that spiritual and worldly studies were bound to the monastery s two main

forms of social organization semi hermitic and communal Further Romanchuk contextualizes such innovative phenomena as the editing work of the monk Efrosin and the monastery's strikingly sophisticated library catalogue against the development of learning at Kirillov itself in the fifteenth century moving the discussion of medieval Russian book culture in a new direction The first micro historical ethnology of reading in the Early Slavic field Byzantine Hermeneutics and Pedagogy in the Russian North will prove fascinating to western medievalists Byzantinists Slavists and book historians

**Sovereignty and Salvation in the Vernacular, 1050-1150** James Alfred Schultz, 2000 These texts will be of interest because they represent a kind of writing at the intersection of ecclesiastical and secular power drawing on the whole range of medieval Latin learning yet written in vernacular verse that is not found elsewhere in the European Middle Ages In addition they may be of use in teaching since although relatively short they illustrate a great number of characteristic medieval ways of writing and can be linked to a number of quite remarkable historical figures

The American Benedictine Review, 2015

**The British National Bibliography** Arthur James Wells, 2002

**Hildegard of Bingen and Her Gospel Homilies** Beverly Mayne Kienzle, 2009 Hildegard of Bingen 1098-1179 the only medieval woman known to have authored systematic works of exegesis composed fifty eight little studied Expositiones euangeliorum homilies on twenty seven Gospel passages Hildegard described her divine charge to restore the tottering faith of her era through the revelation of hidden mysteries in the Scriptures She was to continue the exegetical tradition of the Fathers and to construct moral fortifications with the words of Scripture in order to defend her sisters against the forces of evil Hildegard of Bingen and her Gospel Homilies constitutes the first in depth study of Hildegard's Expositiones and of her exegesis preaching and use of sources It explores the Expositiones in the context of Hildegard's intellectual and cultural milieu and underscores the central role of biblical interpretation in the seer's works Furthermore this book re-examines Hildegard's self depiction in the context of monastic education for women the magistra's exchange with her mentors and friends and her rich use of divine voice to empower her own expression This is a new exciting and erudite study on one of the most influential female mystics

**In the Shadows of Reform** William Linden North, 1998

*Peter Abelard After Marriage* Thomas J. Bell, 2007 Famous for their love affair and their letter exchange Heloise abbess of the Paraclete and Abelard monk and scholar are less known for their on going monastic relationship Abelard's letters of direction to Heloise and her nuns were complemented by the liturgical music he composed for them This study of Abelard as musician and spiritual director underlines the importance liturgical song has in forming the virtues of obedience penitence and humility as well as highlighting Abelard's mastery of rhetoric poetry and melody Thomas Bell holds degrees in music and theology from Emory University the University of North Carolina and Duke Divinity School He is associate professor of religion at Brevard College in North Carolina
