An Audit of the Case Study Method Michael Masoner,1988-04-21 The case study method of teaching is a widely used educational technique in advanced learning situations such as professional training. Although the employment of this approach is extensive the potential as well as limitations of the method have not been comprehensively assessed. In contrast to other books on the subject that concern the details of implementation An Audit of the Case Study Method integrates evidence on the issues and potential achievements to be attained in employing the method in different knowledge domains.

*The Class* Sonia Livingstone,Julian Sefton-Green,2016-05-03 An intimate look at how children network identify learn and grow in a connected world. Read Online at [connectedyouth.nyupress.org](http://connectedyouth.nyupress.org). Do today's youth have more opportunities than their parents? As they build their own social and digital networks does that offer new routes to learning and friendship? How do they navigate the meaning of education in a digitally connected but fiercely competitive highly individualized world? Based upon fieldwork at an ordinary London school The Class examines young people's experiences of growing up and learning in a digital world. In this original and engaging study Livingstone and Sefton Green explore youth values teenagers perspectives on their futures and their tactics for facing the opportunities and challenges that lie ahead. The authors follow the students as they move across their different social worlds in school at home and with their

friends engaging in a range of activities from video games to drama clubs and music lessons By portraying the texture of the students everyday lives The Class seeks to understand how the structures of social class and cultural capital shape the development of personal interests relationships and autonomy Providing insights into how young people s social digital and learning networks enable or disempower them Livingstone and Sefton Green reveal that the experience of disconnections and blocked pathways is often more common than that of connections and new opportunities The Entrepreneur's Information Sourcebook Susan C.
