As a business culture that places a high premium on consensus building and longevity, the selection of Iket was somewhat unusual given the fact that he had logged a dozen or more senior managers in order to become Sony's President. Iket's background was in marketing where he held a number of positions in Europe and Japan. As several interviewees noted, what Sony needed was a global manager as well as someone who fully understood the implications of digital communication. The selection of Iket was premised on his ability to run a worldwide organization as well as his background in international marketing (Kakiguchi, K. 2006, pers. comm., 23 Feb.).

Organizational Structure

The Sony Corporation is a leading TNC in the production and sale of consumer electronics, music and film entertainment and videogame technology. The company consists of five primary business areas that include: i) Electronics, ii) Music, iii) Film, iv) Game and v) Insurance (Table 1).

Financial Performance

experienced inconsistent growth in net income evidenced by a noticeable decline for the years 1998–2001. A review of Sony's financial performance for the years 1997–2001 can be seen in Table 2.

The company divides its worldwide operations into four geographic zones, including Japan, the United States, the
