The paper further explored all the variables of corporate governance as published by the Directors in the Annual Reports in the Financial Statements and through a face-to-face recorded interview of the members of the Board of Directors, the members of the Audit Committees, and the Heads of Internal Audit Functions in the Listed Public Companies. The study documented that companies that are listed on the Nigerian Stock Exchange are involved in both the upward and downward earnings management practices. This finding cuts across all the Sectors and categorization of the companies on the Nigerian Stock Exchange.
