

### Aloha Takeout Guest Management Screen

- 1 **Dashboard** — Holds general information about order promise and ready times, and contains a configurable message.
- 2 **Caller ID lines** — Shows the phone number for each customer currently calling in an order.
- 3 **Search bar** — Allows you to search for customers already in the database, by phone number or name. Also useful for starting a new customer record.
- 4 **Sort tabs** — Allows you to sort customers by name, phone number, or zip code.
- 5 **Order mode buttons** — Select from Walk In, Call Up, Delivery, or Curbside order modes.
- 6 **Count per order type** — Shows the number of open takeout or delivery orders in the current business day.

- 7 **Order summary panel** — Provides information about the currently selected customer and their most recent order. Contains buttons that enable you to edit customer information or add a new customer, and for repeating a previous order or for starting a new order. Panel appears automatically when needed, or when manually selected.
- 8 **Customer search results panel** — Lists all customers found meeting the search criteria.
- 9 **Delayed Order button** — Enables you to create an order for preparation later than the normal promise time, from a few minutes to a maximum of five years.
- 10 **Navigation buttons** — Provide access to the Order Management screen, or the Aloha POS screens.

### Working with Guest Records

Touch a **Caller ID** button to search by phone number, or start typing the **customer name** to search by name. The search results panel changes as you type, to display customers that match. Touch the **correct name**, when found. Use the scroll bar to see more names.

Touch **Add Guest** to add a new guest record, or **Edit Guest** to edit an existing guest record. An onscreen keyboard appears, allowing you to type customer information. Touch **Tab** to move from one text box to the next. Touch the **tabs** in the **Customer Data** screen to add different types of information about the guest.

Touch **Repeat Order** to start a new order identical to the last order shown. This button accesses the Aloha order entry screen, with the items from the previous order already selected. You can place the order as-is, or modify it as needed.

Disaster Recovery Project Management Randy R. Rapp, 2011 The scope of disasters ranges from man made emergency to natural calamity from a kitchen grease fire to a hurricane or volcanic eruption It may be just one house that is destroyed or perhaps a whole infrastructure system is threatened While each type of event requires a very different scale and type of immediate response the project management challenges that face restoration and reconstruction professionals after the emergency phase is complete are remarkably similar Using insights acquired through decades of real world experience as well as from his academic research and teaching responsibilities the author explains pertinent requirements and methods for the contractors and other professionals who bring order from chaos The first section of the book surveys the managerial skills required to confront the range of disasters that might be encountered and the different project environments involved The second section examines the details of project management and administration from materials management to health and safety The third and final section provides an overview of restoration techniques from restorative drying to debris management and demolition This is the first systematic presentation of the tools and skills needed for disaster recovery project management It is designed primarily for contractors both large and small firms although it will also be of value for those who might hire them the communities they serve and their organizational partners in the disaster recovery effort Those who are new to disaster restoration and reconstruction will find the volume particularly useful Focused on informing the management of projects that recover the built environment after emergency conditions sufficiently stabilise the volume supplements and complements books devoted to conventional construction or emergency relief management
