The Latino Century Mike Madrid, 2025-06-17 Discover how and why the two major political parties have failed to appeal to the Latino vote the largest ethnic voting group in the country and the impact it will have on American democracy and politics for decades to come in this beautifully written must read Rosario Marin first immigrant woman treasurer of the United States In 2020 Latinos became the second largest ethnic voting group in the country They make up the largest plurality of residents in the most populous states in the union as well as the fastest segment of the most important swing states in the US Electoral College Fitting neither the stereotype of the aggrieved minority voter nor the traditional assimilating immigrant group Latinos are challenging both political parties notions of race religious beliefs economic success and the American dream Given their exploding numbers and their growing ability to determine the fate of local state and national elections you'd think the two major political parties would understand Latino voters After all their emergence on the national scene is not a new phenomenon But they still don't Republicans not because of their best efforts but rather despite of them are just beginning to see a movement of Latinos toward the GOP Democrats for the moment still win a commanding share of the Latino vote but that share is dwindling fast Now in The Latino Century veteran political consultant Mike Madrid uses thirty years of research and campaign experience at some of the highest levels on both sides of the aisle to address what might be the most critical questions of our time Will the rise of Latino voters continue to foment the hyper partisan and explosive tribalism of our age or will they usher in a new pluralism that advances the arc of social progress How and why are

both political parties so uniquely unprepared for the coming wave of Latino votes And what must each party do to win those votes By answering these questions The Latino Century provides extraordinary insight George Conway cofounder of The Lincoln Project into the true meaning of America at a time of rapid cultural change the founding principles of self government and individual responsibility and one man s journey through a political party that has turned itself inside out
