Appalachian Trail - A Novel (Hardcover) Darren Drevik, 2014-11-01 Nathan Townsend is hiking the Appalachian Trail Unlike the other through hikers who attempt to walk the entire 2 100 mile long footpath however Nate isn't traveling for adventure or challenge he's walking to escape With each mile on the trail he steps further and further away from the people and events that have irreparably scarred him As he crosses paths with a barrage of fellow hikers and townspeople each carrying their own wounds he must revisit step by step the events that put him on the long trail from Maine to Georgia Eventually Nate must make a choice between walking away and reaching out including to the one woman desperate to rescue him and help him find his trail's end

A Walk in the Woods Bill Bryson, 2015 In the company of his friend Stephen Katz last seen in the bestselling *Neither Here nor There* Bill Bryson set off to hike the Appalachian Trail the longest continuous footpath in the world Ahead lay almost 2 200 miles of remote mountain wilderness filled with bears moose bobcats rattlesnakes poisonous plants disease bearing ticks the occasional chuckling murderer and perhaps most alarming of all people whose favourite pastime is discussing the relative merits of the external frame backpack Facing savage weather merciless insects unreliable maps and a fickle companion whose profoundest wish was to go to a motel and watch *The X Files* Bryson gamely struggled through the wilderness to achieve a lifetime's ambition not to die outdoors

Dreaming the Appalachian Trail Brad Wayne Viles, 2006-09 The idea for this book came to me on my thru hike of the Appalachian Trail in 1994 Every state that I walked through presented me with a different story Some were pleasant and easy while others were pleasant somehow in spite of being extremely difficult With each passing state boundary a different realization would occur This thing this trail works its stuff on everyone who walks along it like a character in life or story We don't affect it it changes us It's a much larger whole than any of its components or any of us who walk it So each chapter represents a reality that is unique to the hike as told by Ivy Burbank Mann From the time he starts to the end six months later he encounters strange characters survives three seasons of rain heat and humidity and endures violent storms The trail itself becomes a character in this novel set in the most spectacular scenery in the east

Black Heart on the Appalachian Trail T.J. Forrester, 2012-10-02 With echoes of Flannery O'Connor Faulkner and Raymond Carver A.M. Homes this singular

psychological tale of murder unfolds against the backdrop of one of America's most breathtaking landscapes. In the vast wilderness of the Appalachian Trail, three hikers are searching for answers: Taz Chavis, just released from prison, sees the thru-hike as his path to salvation and a way to distance himself from a toxic relationship; Simone Decker, a young scientist with a dark secret, is desperate to quell her demons; Richard Nelson, a Blackfoot Indian, seeks a final adventure before taking over the family business back home. As they battle hunger, thirst, and loneliness and traverse the rugged terrain, their paths begin to intersect, and it soon becomes clear that surviving the elements may be the least of their concerns. Hikers are dying along the trail, their broken bodies splayed on the rocks below. Are these falls accidental, the result of carelessness, or is something more sinister at work?

Appalachian Trail Darren Drevik, 2014-10-27 Nathan Townsend is hiking the Appalachian Trail. Unlike the other thru-hikers who attempt to walk the entire 2,100-mile long footpath, however, Nate isn't traveling for adventure or challenge; he's walking to escape. With each mile on the trail, he steps further and further away from the people and events that have irreparably scarred him. As he crosses paths with a barrage of fellow hikers and townspeople, each carrying their own wounds, he must revisit step by step the events that put him on the long trail from Maine to Georgia. Eventually, Nate must make a choice between walking away and reaching out, including to the one woman desperate to rescue him and help him find his trail's end.

Murder on the Appalachian Trail Jess Carr, 1984-01-01 True account of the murder of Robert Moutford and Susan Ramsay on the Appalachian Trail, Giles County, Va, in the spring of 1981.

A Walk in the Woods Bill Bryson, 1999 NEW YORK TIMES BESTSELLER The classic chronicle of a terribly misguided and terribly funny Thru-hike of the Appalachian Trail from the author of *A Short History of Nearly Everything* and *The Body*. The best way of escaping into nature. The New York Times. Back in America after twenty years in Britain, Bill Bryson decided to reacquaint himself with his native country by walking the 2,100-mile Appalachian Trail, which stretches from Georgia to Maine. The AT offers an astonishing landscape of silent forests and sparkling lakes, and to a writer with the comic genius of Bill Bryson, it also provides endless opportunities to witness the majestic silliness of his fellow human beings. For a start, there's the gloriously out-of-shape Stephen Katz, a buddy from Iowa, along for the walk. But *A Walk in the Woods* is more than just a laugh-out-loud hike. Bryson's acute eye is a wise witness to this beautiful but fragile trail, and as he tells its fascinating history, he makes a moving plea for the conservation of America's last great wilderness. An adventure, a comedy, and a celebration, *A Walk in the Woods* is a modern classic of travel literature. NOW A MAJOR MOTION PICTURE

One Trail Many Paths Jim Dashiell, 2016-12-07 The Appalachian Trail was beautiful, evil, demanding, but forgiving. It taught us the importance of individuality, luck, and determination. The best lesson, however, was the value of each person who hiked it, maintained it, and provided trail magic to the random anonymous hiker. We're all family on the Trail. Shared hardships act as a bond. This book offers observations of the same experiences from a variety of viewpoints, complete with the good and bad memories. From a married couple, a father-son team, sisters, a hostel owner, a Marine who just finished his military career, a

retired orthopedic surgeon an Australian long distance hiker young middle aged and senior men and women all have their stories to tell If you like fun adventure raw emotion and honesty you ll find it all in these chapters Because each author can t tell their whole story they must condense their trail experience to events most meaningful to them As you will see we all suffered rejoiced were disappointed and rewarded almost daily during the many months we hiked through the green tunnel
