## **App Store Customer Service:**

*The Art of the App Store* Tyson McCann, 2011-11-11 A unique behind the scenes look at what makes an application succeed in the App Store. With this invaluable book Tyson McCann offers a non technical look at all aspects of the iPhone application development landscape and gets to the core of what makes a popular and profitable application. From knowing your customer to launching a successful app and everything in between this must have guide navigates such topics as developing a concept, analyzing the competition, considerations before the launch, marketing, building a community and maintaining market share to name a few. Coverage includes Setting Your Goals, Costs and Expectations, Researching the App Store Market, Knowing Your Customer, Plotting the Stages of Development, Guidelines and Expectations for Developing Your App, Creating Free and Freemium Apps, Creating Paid and Premium Apps, Adopting Apple's Approach, Riding the Social Networking Wave, Feedback, Maintaining and Scaling. Open the vault to App Store success with this indispensable guide.

*The Business of iPhone App Development* Dave Wooldridge, Michael Schneider, 2010-08-26 The phenomenal success of the iPhone and the iPod touch has ushered in a gold rush for developers but with well over 100 000 apps in the highly competitive App Store it has become increasingly difficult for new apps to stand out in the crowd. Achieving consumer awareness and sales longevity for your iPhone app requires a lot of organization and some strategic planning. This book will show you how to incorporate marketing and business savvy into every aspect of the design and development process giving your app the best possible chance of succeeding in the App Store. *The Business of iPhone App Development* was written by experienced developers with business backgrounds taking you step by step through cost effective marketing techniques that have proven successful for professional iPhone app creators perfect for independent developers on shoestring budgets. Although there are a few iPhone app marketing books on the horizon they appear to tackle the subject from purely a marketer's perspective. What makes this book unique is that it was written by developers for developers showing you not only what to do but also how to do it complete with time saving resources and ready to use code examples. No prior business knowledge is required. This is the book you wish you had read before you launched your first app.

**iPhone and iPad Apps Marketing** Jeffrey Hughes, 2010-04-12 The Easy Complete Step by Step Guide to Marketing Your iPhone iPad Apps. There are huge profits to be made in selling iPhone and iPad apps. But with more than 180 000 apps now available just getting your app into the App Store is no longer enough. You need to market it effectively. Don't know much about marketing? Don't worry. This book gives you all the tools you'll need. Top iPhone and iPad apps marketing consultant Jeffrey Hughes walks you through building a winning marketing plan, positioning highly competitive apps, choosing your message, building buzz and connecting with people who'll actually buy your app. With plenty of examples and screen shots this book makes iPhone and iPad apps marketing easy. You'll learn how to identify your app's unique value, target audience and total message. Understand the App Store's dynamics and choose the right strategy to cut through clutter. Set the right price for your app.
