1 Terry: I've going out with my brother Harry for a long time for many, many years. I've just recently started making money. He's so different from his brother that's my dad, of course! The only problem with Harry is that he can be rather impulsive. He's got very brothers and doesn't think before he speaks. The other day he really upset my dad when he told him he was pregnant.  
2 Jessie: My mum's amazing really. She never loses her temper, she's always really calm. She's got four children, I'm, my brother and my two sisters and has no job and she does things like cooking healthy meals before we actually do them – that she doesn't get angry. She also works full time at the supermarket and doesn't get home till about half past ten. I don't know how she does that in She never sleeps!  
3 Mum: My brother and I have completely different personalities. I like meeting new people and am happy to chat to people I don't know – in fact, for example. But Sonja's a bit nervous in situations like that. She wants four people to come to her. But when she gets to know you and starts talking, she really makes you laugh.  
4 Ernest: Marry's lovely, but we are so different! We don't look alike, and our personalities aren't alike either. For example, I don't say very much, normally I'm fairly quiet, however not the complete opposite. She never stops talking about herself, but to me for example she's got fantastic marks in her exams, but goes home after her training about it.
