## **Behind The Kitchen Door:**

**Marat/Sade ; The Investigation ; and The Shadow of the Body of the Coachman** Peter Weiss,1998-01-01 Peter Weiss 1916 1982 was virtually unknown in the mid 1960s when Peter Brook made Marat Sade into a film The weaving of time space plot real and imagined characters sexual liberation and surrealist imagery made Marat Sade a sensation Little did audiences realize that this counterculture classic was written by a German Jew At that time Weiss was also at work on a play about Auschwitz The Investigation These two dramas are in this volume along with The Shadow of the Body of the Coachman All are cogently introduced and edited by Robert Cohen Behind the Kitchen Door Saru Jayaraman,2013-02-12

Sustainability is about contributing to a society that everybody benefits from not just going organic because you don't want to die from cancer or have a difficult pregnancy What is a sustainable restaurant It's one in which as the restaurant grows the people grow with it from Behind the Kitchen Door How do restaurant workers live on some of the lowest wages in America And how do poor working conditions discriminatory labor practices exploitation and unsanitary kitchens affect the meals that arrive at our restaurant tables Saru Jayaraman who launched the national restaurant workers organization Restaurant Opportunities Centers United sets out to answer these questions by following the lives of restaurant workers in New York City Washington D C Philadelphia Los Angeles Chicago Houston Miami Detroit and New Orleans Blending personal narrative and investigative journalism Jayaraman shows us that the quality of the food that arrives at our restaurant tables depends not only on the sourcing of the ingredients Our meals benefit from the attention and skill of the people who chop grill saut and serve Behind the Kitchen Door is a groundbreaking exploration of the political economic and moral implications of dining out Jayaraman focuses on the stories of individuals like Daniel who grew up on a farm in Ecuador and sought to improve the conditions for employees at Del Posto the treatment of workers behind the scenes belied the high toned Slow Food ethic on display in the front of the house Increasingly Americans are choosing to dine at restaurants that offer organic fair trade and free range ingredients for reasons of both health and ethics Yet few of these diners are aware of the working conditions at the restaurants themselves But whether you eat haute cuisine or fast food the well being of restaurant workers is a pressing concern affecting our health and safety local economies and the life of our communities Highlighting the roles of the 10 million people many immigrants many people of color who bring their passion tenacity and vision to the American dining experience Jayaraman sets out a bold agenda to raise the living standards of the nation's second largest private sector workforce and ensure that dining out is a positive experience on both sides of the kitchen door Creating Good Jobs Paul Osterman,2020-01-28 Experts discuss improving job quality in low wage industries including retail residential construction hospitals and long term healthcare restaurants manufacturing and long haul trucking Americans work harder and longer than our counterparts in other industrialized nations Yet prosperity remains elusive to many Workers in such low wage industries as retail restaurants and home construction live from paycheck to paycheck juggling multiple jobs with variable

schedules few benefits and limited prospects for advancement These bad outcomes are produced by a range of industry specific factors including intense competition outsourcing and subcontracting failure to enforce employment standards overt discrimination outmoded production and management systems and inadequate worker voice In this volume experts look for ways to improve job quality in the low wage sector They offer in depth examinations of specific industries long term healthcare hospitals and outpatient care retail residential construction restaurants manufacturing and long haul trucking that together account for more than half of all low wage jobs The book s sector view allows the contributors to address industry specific variations that shape operational choices about work Drawing on deep industry knowledge they consider important distinctions within and between these industries the financial institutional and structural incentives that shape the choices employers make and what it would take to make more jobs better jobs Contributors Eileen Appelbaum Rosemary Batt Dale Belman Julie Brockman Fran oise Carr Susan Helper Matt Hinkel Tashlin Lakhani JaeEun Lee Raphael Martins Russell Ormiston Paul Osterman Can Ouyang Chris Tilly Steve Viscelli
