SERVICE MANUAL

EDITION 02-2012

P/N 6513549M1

**Landini**

## INTRODUCTION

This manual refers to the 7 Series tractor produced by LANDINI S.p.A. and is divided into sections distinguished by numbers of one/four with independent page numbering for each section.

- The subjects treated are listed in the main index and in further detail in the specific index regarding the section.
- The top of every page shows the manual print number and the respective edition/updates date is shown at the bottom.
- The pages subject to future updates state the same print number and the new issue date. These pages will be accompanied by the reprint of the duly updated index.
- The information contained in this manual is updated at the date stated on the page. As LANDINI S.p.A. constantly improves its range of products, some information may not be updated as a consequence of modifications used for technical or marketing reasons as well as for the adaptation of legal requests in different countries.

In the event of discrepancies, consult our sales and assistance organization.

## LIABILITY

LANDINI S.p.A. declines all liability deriving from incorrect maintenance procedures, use of non-prescribed spare parts and tampering with product components.

The responsibility of the application of the safety prescriptions highlighted throughout the manual is the staff's responsibility, which must be qualified to perform the activity requested, be aware of and comply scrupulously with the prescriptions contained in this manual and the general Safety Standards applicable. Failure to comply with Safety Standards can cause injury to staff and damage the components.

## PURPOSE OF THE MANUAL

This manual is essentially for workshop staff.

The manual contains the necessary technical information relative to the means so that the staff in charge of its maintenance can operate safely and guarantee perfect efficiency of the product for its entire lifespan, however without replacing in-depth professional training.

For correct performance of maintenance activities, it is assumed that the work environment is adapted to the current Standards regarding safety and hygiene.

The manual contains all data required for the correct execution of the modifications and tuning, as well as for repairs and revision.

It is recommended to read the manual thoroughly before performing interventions, following the indications supplied and using the specific equipment; correct repair interventions can be guaranteed, also protecting the operators from possible injury.

## COPYRIGHT
