Stranger in a Strange State Christopher J. Galdieri, 2019-05-01 Candidates normally run for office in the places where they live Occasionally however a politician will run as a carpetbagger someone who moves to a new state for the express purpose of running or who runs in one state after holding office in another Stranger in a Strange State examines what makes some politicians take this drastic step and how that shapes their campaigns and chances for victory Focusing on races for the US Senate from 1964 forward Christopher J Galdieri analyzes the campaigns of nine carpetbaggers including nationally known figures such as Robert F Kennedy and Hillary Rodham Clinton and less well known candidates like Elizabeth Cheney and Scott Brown These case studies draw on archival research contemporaneous accounts of each campaign and scholarship on campaigns and representation While the record reveals that it generally takes national political stature for a carpetbagger to win an election some recent campaigns suggest that in today s polarized political era both politicians and state political parties might want to be more open to the prospect of carpetbagging

Anatomy of an Avatar Philip Gerrans, 2024-08-26 This book applies a powerful framework in computational neuroscience predictive coding and active inference to explain psychiatric disorders that are characterised by pathologies of self awareness It shows how the self is best conceived of as an avatar or model made by the brain for the fundamental purpose of optimising basic bodily function That avatar integrates and coordinates neurocomputation across the mind It allows the mind to anticipate and respond to sensory information that bears on the organism s prospects The self is thus a model avatar made by the brain to allow the body to play the game of life When activity in circuitry that implements the avatar is compromised a variety of psychiatric disorders result Anatomy of an Avatar provides a theoretical framework for theories of embodied selfhood anchored in homeostatic regulation as well as exploring psychiatric disorders involving the self and the empirical application of concepts of free energy minimisation active inference and predictive processing The book also includes key case studies in the cognitive neuropsychiatry of self awareness and test cases for philosophical concepts of self representation and the experience of self awareness The book will be essential reading for those in the fields of psychology and consciousness psychiatry and philosophy

Rules of the Road for Nonprofit Leaders Elizabeth M. Schmidt, 2025-08-01 A reframing of the legal profession for nonlawyers aiming to lead nonprofits more effectively Although the United States has the most robust nonprofit sector in the world the rules governing it are convoluted and often paralyze those who are trying to change the status quo Nonprofit leaders deserve rules that are clearly laid out explaining what they can and should do to achieve their missions rather than emphasizing only what is forbidden Rules of the Road for Nonprofit Leaders offers a translation of the nonprofit legal framework into terms that can be more easily understood by nonlawyers Schmidt provides a different lens through which nonprofit leaders can see more clearly how these laws can be more responsive to the changing needs of the nonprofit sector and of society This book shows nonprofit leaders board members and volunteers how nonprofit law relates to all aspects of nonprofit management
