Mobile Version

Some people believe that the end of the human race will occur soon but others are skeptical. This guide is meant for both of you.

We are not here to convert the skeptics to believers; we don't want to put fear in the hearts of the public we just want to raise awareness. Even if you are a skeptic you need to be aware of the possible dangers and this is what this guide was made for so that each and everyone of us will be aware and maybe more able to handle with what will come on Dec 21, 2012.

In this guide you will get information about the Mayan calendar and the secrets, about the things to come, how to be prepared for them and how to handle some of the difficult situations that you might be in.

2012 The Survival Guide will help you be prepared for any situation that might arise from floods to economic collapse.

2012 Survival Guide Crystal Abrahams, 2010-11-25 Are you wondering what all the apprehension over 2012 is about Find out from Researcher Crystal Abrahams Do I personally believe the world will end in 2012 The arguments are compelling but no I don t I do predict our weather will get progressively worse with Superstorms involving blizzards flooding high winds and extremes of temperature Experts agree that 2012 will be a cosmically significant year NASA predicts the 24th sunspot cycle is going to be the most intense in recorded history 30% 50% stronger than we ve ever seen Unfortunately our magnetic field is also at its weakest point in our orbit itself a regular cyclical event Several cyclical events will occur in 2012 that by themselves might not be catastrophic

The Sun will be lining up with the black hole in the galactic center of the plane of the Milky Way which only occurs every 26 000 years In addition Earth will be passing from below the galactic plane to above it The weakness in our magnetic shield means the pull of the Sun is stronger so experts predict more and worse earthquakes hurricanes tornadoes tsunamis and volcanic eruptions The concern is over the domino effect of all of these solar seismic and cyclical events converging in the same year In this 2012 Survival Guide I have tried to envision every set of circumstances we may all find it necessary to deal with There are chapters with advice as to financial preparations equipment you ll need skills you should plan to acquire medical supplies and many other items that may not have occurred to us The Survival Tips are a compilation of more than fifty sources It is the most comprehensive Preparedness Guide you ll need If you have a plan are able to evacuate if necessary without incident and begin the new age comfortably you will be congratulating yourself on your good sense Why take the chance Will you be ready
